WORST RAID OF WAR HITS GERMANY

RAIL JUNCTION OF DNO TAKEN BY RED ARMY

FIGHTING RENEWED 90 MILES INSIDE OLD POLAND

BY TOM YARBROUGH

London, Feb. 24. (AP)—The Red army, overrunning nearly 300 localities, today toppled the important rail junction of Dno in a swift advance toward Latvia, and in a smashing new effensive on a 31-mile front in southern White Russia captured the German bastion of Rogachev on the main highway to Bobruisk and Minsk, White Russian capital.

A Berlin broadcast also told of renewed fighting 90 miles inside old Poland, where it was declared German troops had recaptured Rojishche, 11 miles north of Lutsk and only 46 miles from the 1941 German - Russian frontier. Moscow has never claimed Rojishche.

Pskov Next Goal

Soviet troops under Gen. Leonid A. Govorov, Leningrad liberator, and Gen. Markian M. Popov, second Baltic front commander, swept through Dno, last major obstable short of Pskov, Baltic communication hub 60 miles to the west which already is menaced by Russian forces much closer than those on the north and northeast.

STRONGHOLD TOPPLES

London, (Friday) Feb. 25 (AP)—The German transocean news agency in a broadcast recorded here by Reuters reported today that the Germans have evacuated the important White Russian stronghold of Vitebsk, 70 miles northwest of Smolensk and 110 miles east of the Latvian border. Vitebsk had been under siege by Russian troops for the past several months.

The offensive which overwhelmed Rogachev, lower anchor on the 150-mile German front in White Russia extending northward through Mogilev and Orsha to almost-encircled Vitebsk, was directed by Gen. Constantin Rokossovsky, commander of the first White Russian front.

The Germans also reported heavy defensive battles for their part inside Estonia in the Narva area, and west of Zvenigorodka and Krivoi Rog in the Ukraine where three Russian armies were hammering at the approaches to Rumania.

Germans Outflanked

In three days Gen. Rokossovsky's men advanced from 12 to 16 miles through swamps and forests in the Rogachev area, finally crossing the upper Dnieper River in a flanking maneuver which crushed German positions there.

A Berlin broadcast announced the "evacuation" of both Dno and Rogachev just before Premier Marshal Stalin issued two orders of the day telling of their capture by storm.

The capture of Rogachev made axis positions at Zhlobin, 10 miles to the south, untenable. It is likely the Germans also would be forced to withdraw from Mogilev, 55 miles to the north, since the Russians now are only 32 miles from Bobruisk, which controls communication lines to both points as well as to Minsk, 85 miles to the northwest.

WAR WORKER KILLED

Ypsilanti, Mich., Feb. 24 (AP)—A New York Central freight train struck and killed Marion D. Martin, a war plant worker, as he was walking through the railway yards near the station.

Weather

(Reported by U. S. Weather Bureau)

LOWER MICHIGAN: Increasing cloudiness Friday, becoming cloudy Friday night followed by occasional rain or snow south and light snow in north portion Saturday. Warmer Friday night.

UPPER MICHIGAN: Increasing cloudiness on Friday, followed by occasional light snow Friday night and Saturday. Somewhat colder Friday night and Saturday. Gentle winds increasing to 15 to 20 miles per hour Friday night.

ITALY---Where Scraps Are Often A Feast—Homeless and hungry Italians cluster around food dumps and mess tents at virtually all Army camps in Italy, and pathetic scenes like that above are common. Photo shows an aged Italian woman-reaching hungrily for scraps of bread—remains of a meal just served American troops. Holding the tray is Hershel Nelly, of Willard, Tenn. (NEA Photo.)

Naziland Invasion Held Up For Fear of Failure

BY WES GALLAGHER

London, Feb. 24 (AP) — Why don't we hurl large forces across the channel and end the war?

This is a question many Americans and Britons are asking. The blunt answer is: "Because the Germans might fling them right back at us."

If just the opening of a western front would bring victory, it would be a different question, but it is going to take weeks and months of the bloodiest kind of fighting on the continent before Hitler collapses.

Because this task is more than one of a mere landing of 50 divisions. In the average man's mind a division means about 15,000 men, but the experience in Africa, Sicily and Italy indicate that to supply one fighting man at the front it takes from four to eight behind the front when bases are thousands of miles away and supplies must be unloaded from ships to smaller craft, unloaded on land and carried to depots, sorted and then taken to the front.

The longer men must fight on foreign soil the more essential do the behind-the-lines soldiers become as the war moves away from the ports and supply becomes more complex. Therefore, a division to a military man means handling not 15,000 men, but 60,000 or more. Once they are ashore, it takes tons of shipping to keep them going.

This is known as the "tail" of an army.

When one recognizes that the Germans have been able to boost their strength along the west wall to 60 divisions it is easy to understand the determination of the Allied high command not to move until it is certain that the punch will carry through to victory.

Despite countless thousands of dead left in Russia, the German army must suffer much more killing before a collapse comes. Their reserves have been drained almost dry by the Russian front but their frontline strength is almost as formidable as ever and not until the decimated divisions cannot be replaced is the end near for Hitler.

This is going to take many fierce battles on the continent of Europe.

It is recognized too that the tremendous Russian punch which has amazed the world cannot go on indefinitely. The Russian army cannot ignore the fundamental laws of battle, and the farther away their supply lines stretch across devastated areas, the weaker becomes the frontline drive, just as the German attack faltered and failed at the gates of Moscow.

ATOLLS RECEIVE FRESH POUNDING

Navy Carrier Planes Make Clean-Up Raid In Marshalls

BY CHARLES H. McMURTRY

U. S. Pacific Fleet Headquarters, Pearl Harbor, Feb. 24 (AP)—Navy carrier planes made their sixth raid of the war on Japanese-held Marshalls Islands, bombing and firing hangars, demolishing a radio station and damaging ammunition storage areas, other ground installations and barracks.

The raids were made Sunday but because of radio silence Admiral Chester W. Nimitz annunced it only today in a press release.

The phraseology—"carrier-based planes"—in contrast wth previous wordings such as "strong carrier task forces" and the fact the announcement came in a press release rather than in a communique indicate the strike was not made in nearly as strong a force as the recent Kawjalein, Eniwetok, Truk and Marianas bombbardments.

Admiral Nimitz said more than 30 tons were dropped in two attacks on atolls, surprisingly small for a carrier raid and comparable with a tonnage average of seventh AAF strikes.

It seems possible the Japs on one of the Marshalls atolls which have been subjected to steady neutralizing bombings for six weeks may have shown indications of reviving and this surprising attack was intended to immobilize specific bases.

ARMY OBLIGES

Camp Gordon Johnston, Fla., Feb. 24 (AP)—A man absent without leave from this army post wired his commanding officer:

"Please forward mail care of general delivery, Tallahassee."

The C. O. obliged and sent two MP's along to make sure the soldier received it.

VICTORY HOPES ON SHANGRI-LA

Great Aircraft Carrier Built With American Dimes Launched

Portsmouth, Va., Feb. 24 (AP)—A dream ship came true today when the powerful aircraft carrier Shangri-La, built with the voluntary dimes and dollars of millions of Americans, was launched with the hope she will strike the final blow at Japan as her predecessor the Hornet struck the first.

A throng estimated by Norfolk navy yard officials at more than 75,000, including the yard's 41,000 employes, mingled their cheers with the martial airs of a bluejacket band as the warship sped down the ways into the Elizabeth River, completing the evolution of a presidential wisecrack into a grim reality.

The wife of Maj. Gen. Jimmy Doolittle whose army fliers delivered the first aerial assault on the Japanese homeland two Aprils ago, was her sponsor.

Rear Admiral Felix X. Gygax, commandant of the navy yard, read a message from Secretary of Navy Knox: "Hit them, Shangri-La, and hit them hard." Virginia's Governor Colgate W. Darden, Jr., told in his launching address how Doolittle's raiders took off for Tokyo from the carrier Hornet, and described that first raid as "a portent of what is to come."

WAR INTERNEES ARE EXCHANGED

Gripsholm To Bring Back 640 From Germany Via Lisbon

BY LOUIS NEVIN

Irun, French-Spanish Frontier, Feb. 24 (AP)—Six hundred and forty-four diplomats, newspaper men and relief workers from the United States and Latin America, including 37 wounded U. S. soldiers, crossed the frontier today from German-held territory on their way to Lisbon and home.

The group, which will be exchanged for 1,180 Germans and French expected in Lisbon shortly aboard the exchange ship Gripsholm, included 300 U. S. nationals without official status who were added by the Germans at the last minute.

Included in the group was Taylor Henry, chief of bureau for the Associated Press at Vichy when the Germans took over, who in his first dispatch wrote that "Germany can be defeated on the actual field of battle although morale in that country has been strengthened during the last six months."

Henry, who has spent 13 months in German internment, said there was no sign of internal collapse and that reverses on the Eastern front and air raids have served to strengthen the German will to resist.

Ration Token Plan To Start Feb. 27; 28,575 Delta Books

Washington, Feb. 24 (AP)—The Office of Price Administration announced today distribution in Michigan of 5,434,064 copies of Ration Book No. 4 and a national distribution of 128,760,419 copies.

Books No. 4 contain red and blue food ration stamps, which, beginning February 27, will have a ration value of 10 points each to be used in connection with the new ration token plan.

The OPA reported distribution in upper peninsula counties as follows:

Alger, 8,520; Baraga, 6,526; Chippewa, 26,632; Dickinson, 23,053; Gogebic, 25,168; Houghton, 37,548; Iron, 16,673; Keweenaw, 2,909; Luce, 20,872; Mackinac, 7,169; Menominee, 21,708; Ontonagon, 9,066; Delta, 28,575; Schoolcraft, 7,793, and Marquette, 40,653.

President Resigns In Argentina; Army Revolt Is Expected

Montevideo, Friday, Feb. 25 (AP)—Gen. Pedro Ramirez, whose government has been under fire by Argentine reactionaries since it severed relations with the axis barely a month ago, resigned suddenly last night as president of Argentina and was succeeded by Vice President Gen. Edelmiro Farrell.

Strict censorship which was immediately clamped down on foreign correspondents in Buenos Aires obscured details of the government upheaval, but there were reports that a military movement of some sort was afoot.

It was not immediately clear what affect the change in government would have upon Argentine foreign relations.

BARKLEY GETS FULL SUPPORT FROM SENATE

VETO OF TAX BILL IS REJECTED BY HOUSE, 299-95

BY WILLIAM T. PEACOCK

Washington, Feb. 24. (AP)—Senator Alben W. Barkley, having led congress in a historic tax revolt against the White House, turned to President Roosevelt tonight with a plea that the episode become the starting point for closer unity in the national government.

In a letter to the president, the Kentuckian expressed "fervent" hope that the dispute would bring the legislative and executive departments of government closer together to the end that "we may win this terrible war at the earliest possible moment."

"In this great crisis of our nation's history we must all seek some common ground upon which we can meet and have confidence in one another," Barkley said. "That applies to all the branches of our government. If we cannot trust one another in this tragic period of the history of our nation and of the world, how can the people trust us?"

Re-elected As Leader

Barkley addressed the president from a heightened political pedestal gained from the unanimous backing of a Democratic caucus in the senate. Giving him their full support, his Democratic colleagues earlier in the day had accepted without a dissenting vote his resignation as senate majority leader, then unanimously re-elected him.

On its part, the house carried through with the tax revolt, meantime, by smashingly rejecting the veto of the $2,315,000,000 new revenue bill which the president had denounced as "a tax relief bill providing relief not for the needy but for the greedy." The vote was 299 to 95.

Rebuff Not Softened

The senate is expected to cap the rebellion tomorrow by also overriding the veto and enacting the bill into law.

In neither senate caucus nor the house was there any move to soften the rebuff to the president although Barkley did speak of his "deepest personal affection" for Mr. Roosevelt.

But with the rebuke administered, both Barkley and Rep. Doughton (D-N. C.), who led the house revolt, were ready to turn to softened words.

Doughton, 80-year-old chairman of the house ways and means

(Continued on Page Two)

DOCTOR FOUND GUILTY AS SPY

Leniency Recommended By Detroit Federal Court Jury

Detroit, Feb. 24. (AP)—Dr. Fred W. Thomas, Detroit physician, was convicted late this afternoon of conspiring to spy for Germany by a federal court jury that deliberated 21 1-2 hours over a period of five days.

The jury of ten women and two men recommended leniency to Federal Judge Edward J. Moinet. Government attorneys had not asked for imposition of the death penalty, and the maximum imprisonment possible under the statute would be 30 years.

Dr. Thomas was accused with seven other persons in an indictment returned by a grand jury here last fall of conspiring to obtain information to be transmitted to Germany. six co-defendants pleaded guilty; a seventh, Bertrand Stuart Hoffman, went to trial with Dr. Thomas only to be discharged on a finding by psychiatrists that he was mentally incapable of aiding in his defense.

Principal government witness in the trial was Miss Grace Buchanan-Dineen, who acted as a counter-espionage agent for the Federal Bureau of Investigation after her arrest in New York. She testified Dr. Thomas supplied her with chemicals she used in making invisible ink for reports to Germany.

TOUPEE OFF INCOME

Salt Lake City, Feb. 24. (AP)—A young man explained to Internal Revenue Collector William J. Korth that a disease during the past year cost him all his hair. Korth said that in this case it would be all right to list under "medical expenses" the price of a new toupee.

Fuehrer's Factories Hit by U. S. Bombers In Two-Way Assault

BY AUSTIN BEALMEAR

London, Friday, Feb. 25. (AP)—Two great forces of British bombers raided the continent last night immediately after British and Italian-based U. S. heavy bombers blasted German aircraft plants for the fifth successive day in the mightiest and fiercest daylight air onslaught ever launched against any country.

The Berlin radio said British heavy night bombers pounded Schweinfurt—site of Messerschmitt fighter plane and bearing works—in a swift follow-up to the American attack which included Schweinfurt among its targets.

No Respite Given

One British bomber force took 45 minutes last night to cross the east coast and a second thundered out over the southeast coast in a 40-minute stream.

The massive two-way American assault which hit Nazi airplane and bearing factories inside Germany and Austria was the second coordinated simultaneous attack on Nazi possessions in three days.

There was an almost complete continental radio blackout a few minutes after the British bombers swung out toward the continent and air raid alerts were sounded in Zurich, Basel and Frankfurt.

Before the Frankfurt radio left the air the announcer broke into the program with this announcement: "Raiders are at present flying over the whole area of warning. The raiders still are coming in. More are expected."

Disasters In London

German fire raiders attacked London again last night causing some fires, a number of casualties and considerable property damage. A dance hall was hit while a dance was in progress and it was believed there were many casualties. Nine of the Nazi planes were destroyed.

Flares fell profusely. All the occupants were trapped when four houses on the corner of a suburban street received a direct hit.

Prime Minister Churchill wearing an air commodore's uniform visited the scene of one disaster. In the light of a blaze from a broken gas main, he said: "We'll stick it out and give it."

Flying Fortresses from Italy—slashing their way through determined Nazi fighter opposition—battered a Nazi airplane parts and ball bearing factory at Steyr, Austria, for the second straight day. Other formations hit an oil refinery at the Italian Adriatic port of Fiume.

Forty-nine bombers of the U. S. raiding force sent from Britain failed to return, as well as 10 fighters. The losses of the mission from Italy were not immediately announced. The Berlin radio declared 93 in all were shot down.

LEADERS PICKED BY REPUBLICANS

Senate Election Called "Warm-Up For 1945" By Vandenberg

Washington, Feb. 24 (AP) — In what one Republican leader referred to as "a warm-up for 1945," by which time they hope to have greatly increased representation in the Senate, GOP senators today elected a full slate of officers headed by Senator McNary of Oregon.

Mc Nary was reelected conference chairman and minority floor leader.

Senator Vandenberg of Michigan was chosen vice-chairman and acting conference chairman during the absence of Mc Nary, who is in Florida recuperating from an operation, and Senator White of Maine was formally elected assistant floor leader to continue as acting leader until Mc Nary's return.

Other officers chosen in the executive session were:

Senator Wherry, Nebraska, to be minority whip. Wherry, a first termer, fills a post which has been vacant for several years.

Senator Burton, Ohio, secretary of the conference.

Vandenberg was directed by the conference to name a nine-member steering committee to chart party legislative policy as part of the first thorough GOP reorganization in the Senate since 1936.

With a smile, Vandenberg told newsmen:

"This restores the Republican party to its full quota of Senate officers, and we are adequately prepared to take over in 1945."

Democrats now hold a 58 to 37 majority over the Republicans, with 21 Democratic and 11 Republican seats at stake in the 1944 elections.

Detroit Officials Serving Terms At Cassidy Lake Camp

Jackson, Mich., Feb. 24 (AP)—Officials of the southern Michigan prison disclosed today that Fred Frahm, former superintendent of Detroit police, and Robert Ewald, former Detroit councilman, have been assigned to maintenance duty at Cassidy Lake camp, the state's new rehabilitation camp for young offenders.

Both are serving sentences for graft taking.

The Cassidy Lake rehabilitation camp was formerly operated by the National Youth Administration.

Jack Benny Signed For $25,000 Weekly

Hollywood, Feb. 24 (AP)—Comedian Jack Benny said today he will terminate a 10-year association with a food products sponsor (General Foods) June 11, and start a three-year radio contract with a tobacco firm (American Cigarette & Cigar Co.) for a reported $25,000 weekly.

Benny said his half-hour broadcast will be heard at the same time, Sunday at 7 p. m., Eastern War Time, over the same network (NBC) for the new sponsor next autumn. Under his present contract, it was reported, Benny has been receiving about $22,500 weekly.

Soldier Vote Law Machinery Started

Lansing, Feb. 24. (AP)—The state elections study commission acted today to start implementing Michigan's new soldier vote law, establishing the form of replies to service men and women who may apply for absentee ballots.

The letters, which will go out over signature of Secretary of State Herman H. Dignan, chairman, instruct the applicants for absentee ballots concerning the procedures they must follow and advise that the application as required by law have been submitted to the proper authority, either the city or township clerk.

ALLIES CONTROL JAP SHIP LANES

New Ireland Bases Are Shelled; Warship And Freighters Sunk

BY LEONARD MILLIMAN

Associated Press War Editor

American destroyers, ruling the Bismarck Sea, sank three Japanese ships including one laden with troops and shelled Kavieng's useless airdromes and docks for the second time while allied bombers blasted eight other craft in their third straight unopposed raid on Rabaul.

Japan's entire southwestern Pacific defense line was falling apart. Only anti-aircraft and shore guns offered an ineffective defense of these two strong points.

"We are tightening the blockade of the enemy's Bismarck bases," General Douglas MacArthur said, in announcing the raids today (Friday), "and we now dominate sealanes to the north."

The destroyers also turned their guns on Duke of York Island, lying between New Ireland and Rabaul.

Japanese reverses added some weight to reports circulated by the Chinese central news agency that "a movement to overthrow Premier Tojo is spreading throughout Japan." Handbills urging "down with Tojo" and "eliminate Tojo" were said to have been circulated in Japanese cities.

ICE CREAM PRICE EXTENDED

Washington, Feb. 24 (AP)—Temporary maximum prices now in effect for ice cream and ice cream mixes will be continued until May 23, the Office of Price Administration announced today in ordering the fifth extension of these price provisions.

NIGHT FORAYS BELOW ROME ARE REPULSED

ALLIED GUNS BREAK UP PREPARATIONS FOR ATTACK

BY RICHARD G. MASSOCK

Allied Headquarters, Naples, Feb. 24 (AP)—German troops are attempting under cover of night to snake through Allied lines on the Anzio beachhead in order to strike the defenders from the rear, reports from that front indicated today.

One such attempt by Field Marshal Albert Kesselring's forces to employ infiltration tactics southwest of Carroceto was "dealt with" yesterday in sharp fighting, an Allied spokesman said. Carroceto, 10 miles due north of Anzio port, is in Nazi hands.

Enemy Disorganized

Heavy Allied shelling broke up preparations for an enemy attack on American lines west of Cisterna, on the right flank of the beachhead front. The Germans appeared still to be so disorganized from the beating they ran into last week that for the third day they did not attack in force at any point.

(Thursday's German high command communique asserted that an Allied force of undisclosed size had been encircled south of Aprilia in the beachhead and was being hemmed in despite bitter resistance and Allied relief attacks against the Nazi cordon. It said over 400 Allied prisoners had been taken. There has been no mention of any such encirclement of Allied troops from any Allied source.)

Storms Ground Warplanes

Pouring rain on the beachhead and snow and hail in the mountains hampered fighting generally on all Italian fronts yesterday and practically cleared supporting warplanes from the skies. So much of the beachhead is marshy land under a thin top of crust that tanks of both sides were more or less immobilized. In the Apennines mountains on the main Fifth army front, Allied patrols went out in white capes to trudge through deep snow.

It was announced that Liberator gunners shot down 32 enemy fighters during the raid on Steyr and that escorting Lightnings destroyed another. Six four-engined Liberators were lost. Photographs today showed that the bombers scored many hits on the enemy plants, despite fierce opposition from every sort of plane the Nazis could put into the air. Officials termed as an "exaggeration," however, a report that 1,000 tons of explosives were dropped on the Steyr works.

In sweeps across the comparatively calm Adriatic Sea, planes of the Allied tactical air force strung bombs along the length of the Yugoslav coast, battering numerous ports from which the enemy has been shipping supplies to the Italian fronts.

Removal Of Wells Plant Starts Soon

Washington, Feb. 24 (AP)—Representative Patton (D-Texas) said today the E. F. McCrossin Engineering company of New York had signed a contract with owners of idle blast furnaces in Pembroke, Fla., and Wells, Mich., and that work would begin immediately on disassembling the plants for removal to Rusk, Texas. They are to be used for processing east Texas iron ore.

Today's News Highlights

BARKLEY GETS FULL SUPPORT FROM SENATE

(Continued from Page One)

committee who "parted company" with Mr. Roosevelt, on the veto, told reporters after the house vote:

"I entertain no ill will toword anyone. So far as I am concerned the president and I are still friends. I desire to work and cooperate harmoniously with everyone where such cooperation is desireable and necessary."

PARTY LINES INTACT

Washington, Feb. 24. (AP)—Michigan congressmen followed strict party lines today in the vote with which the house over-rode President Roosevelt's veto of the new tax bill.

The five Democrats—Reps. Dingell, Lesinski, O'Brien, Rabaut and Sadowski—voted to sustain the veto.

Cast against the veto were all 12 of Michigan's Republican votes—from Reps. Blackney, Bradley, Crawford, Dondero, Engel, Hoffman, Jonkman, Michener, Shafer, Wolcott, Woodruff and Bennett.

Obituary

MRS. STEPHEN BREAULT

The body of Mrs. Stephen Breault, Sr., former Escanaba resident who died on Wednesday in Detroit will be brought to the Allo funeral home here this evening and will be in state there beginning late Saturday afternoon.

Funeral services will be held on Monday morning at nine o'clock at St. Patrick's church. Burial will be in the family lot in St. Joseph's cemetery. Pallbearers will be Eugene Auger, Joseph LaFave, Ovid DeMars, Oliver Groleau, Louis Hart and John Peltier.

Mrs. Breault was a member of the Royal Neighbors. Had she lived until April 1, she would have been 78 years old. She was a former resident of Garden and Nahma and lived in Escanaba from 1917 to 1937.

WARNS AGAINST FREE POTATOES

Gratis Distribution Is Opposed By Idaho Governor

Boise, Idaho (AP)— A proposed plan to dispose of the 1943 bumper potato crop by distributing five to ten pounds free in exchange for a designated ration stamp encountered the opposition yesterday by Gov. C. A. Bottolfsen.

The plan, proposed by Tom Dyal, New York produce broker, was submitted also to governors of Maine, Michigan, Minnesota, North Dakota and South Dakota.

Telegraphing his opposition, Governor Bottolfsen said:

"Idaho has marketed to date more potatoes than ever before in a complete season. Prices have been near ceiling all season, with an estimated 10,000 cars yet to ship.

"This program would have a drastic effect on markets giving free potatoes would not increase consumption, but decrease it over a period of time, as people would refrain from buying in anticipation of receiving more free potatoes."

2000 SOYBEAN VARIETIES

Approximately 30 varieties of soybeans are grown on farms in the United States. It is estimated that there are more than 2000 varieties of this bean, a native of China, in the world.

Chatham

Wednesday Night Club

Mrs. George Kallio was hostess to the Wednesday Night Club at her home on the evening of February 17. Five hundred was played. First prize was won by Miss Lenore Boneski, guest prize by Miss Phyllis Erickson, and consolation prize by Mrs. Fred Lemin. Mrs. William MacNeil will be hostess to the club during the first two weeks in March.

Anniversary Party

Mr. and Mrs. Eino Sturvist were the guests of honor at an anniversary party at their home Sunday afternoon, February 20 in observance of their 9th wedding anniversary.

Benefit Dance

Vern Richmond, Toivo Kallio, and Vic Brisson sponsored the dance held at the Chatham Hippodrome Saturday evening, February 19 for the benefit of the Rock River. Athletic Association. Campbell's Orchestra from Munising furnished the music.

Basketball Tonight

The Rock River high school basketball team will play St. Paul's team of Negaunee at Negaunee tonight. The Rock River B team will play Mather high school B team at Munising on the same evening.

Personals

Mike Heldmann left Tuesday for his navy post after spending several weeks visiting his parents Mr. and Mrs. Roy Heldmann.

Mrs. R. Matta and Mrs. Irving Matta of Detroit spent last weekend as the guest of Mr. and Mrs. Victor Palonen.

Mr. and Mrs. L. R. Barber made a business trip to Marquette Saturday.

Jack Hill, son of Mr. and Mrs. Arvid Hill, was taken to the children's clinic in Marquette last week suffering with an attack of spinal meningitis. His condition is unchanged.

Mr. and Mrs. J. G. Wells transacted business in Marquette Monday.

Earl Kaiser attended the farewell party given by the conservation department in Marquette Monday evening in honor of Gilbert Larson, former conservation officer for the Chatham district. Mr. Larson will be inducted in the armed service in the near future.

Michigan is the only area in the U. S. where chicory is grown to any extent.

Apartment Garage Is Damaged By Fire

A five-car frame garage building at the rear of the Bay de Noc apartment building in the 200 block, First avenue south, was almost completely destroyed by fire yesterday afternoon. Fire Chief Arvid Johnson said two of the garages were open, that paper was stored inside, and that he believed children playing there with matches started the blaze.

The building is owned by Mrs. James Christie, who also is owner of the Bay de Noc apartments.

A trailer, tents and other equipment of the Gardens of Rest stored in the garages were practically destroyed. The damage to the building and its contents is estimated to total several hundred dollars.

The fire started about 4:15 o'clock yesterday afternoon and spread rapidly through the building. The flames were so hot a telephone cable in the alley on which the garage fronted was burned through.

Kansas gardeners are planting sunflowers along with their beans; the sunflowers are used as "poles" for the beans to climb.

Will Rome Be Spared?

THE appeal of Pope Pius XII to the belligerents now engaged in the battle of Italy to save Rome from destruction by an agreement similar to those which spared Cairo and Athens must be construed as an appeal to the German defenders of Rome to declare the Italian capital an open city. It is hardly likely that the Nazis, still incensed by the capitulation of the Italian government to the Allies, will accede to this request.

With the Anzio beachhead below Rome secured, the battle for Rome will begin with the union of the Allied army in the Cassino area with the Allied forces at Anzio. If the Germans elect to defend Rome . . . and it now appears almost certainly that they will do so . . . the Eternal City, with all of its monuments of religious culture, faces destruction. This is a decision that the Allied command will have to make, though regretfully.

With their own capital of Berlin smouldering in ruins from steady aerial bombardment, the Nazis are unlikely to yield the defensive positions that the city of Rome provides them, in order to save the Italian capital from ruin. The Germans can be expected to fight for every street and every house in Rome, just as they are now doing at Cassino and as they have done so many times in cities in Russia.

The Allies then have a choice of abandoning the battle of Rome, in order to save the city, or to fight for it and to destroy it in the process. The first choice is unthinkable, for it would mean that all of the American lives lost thus far in Italy would have been lost in vain. Most assuredly, this will not be the American choice.

New Dealers Quarrel

PRESIDENT ROOSEVELT'S veto message, criticizing the tax bill as "relief to the greedy," has incited a revolt among members of his own party that threatens to have marked effects upon the coming presidential campaign.

Highlight of the flareup in Congress was the resignation of Senator Alben W. Barkley as majority leader of the senate, who keynoted the 1932 Democratic national convention and for 12 years has been a staunch supporter of the president. In his characteristic "Dear Alben" note to Barkley, President Roosevelt, apparently realizing he has made a serious political error, begged his old friend to resume his role as party leader in the upper house.

The damage has been done, however, and if Barkley's senate colleagues reelect him as the party wheelhorse, it is likely that the amicable relations between the Kentucky senator and the White House will be restored on the previous basis.

President Roosevelt is edging farther away from the Democratic party, which he has used for promulgating his New Deal reforms. It is probably true that since 1932 he has had a stronger vote-pulling power personally than the party itself, but if the old-time Democratic leaders desert the New Deal chieftain in Kentucky and other pivotal states at election time the Republicans will reap a bountiful harvest of votes.

The Postwar Home

COUNTLESS newspaper and magazine stories have appeared in print in recent months to tell the American public about the intriguing new home designs and gadgets that will make living more comfortable and enjoyable after the war.

Prefabricated homes at low prices are promised for the postwar future. There will be greatly improved refrigerators, stoves, furnaces, air-conditioning and other household appliances to make housekeeping a real pleasure for the housewife. Postwar housing, at present, is one of the most fascinating topics of reading and conversation.

It is for this reason that the Town Hall committee considers itself fortunate in presenting at its next meeting on Monday evening the noted architectural lecturer, Wilfrid Laurier Husband, who will show colored movies and slides and speak on the subject, "How America Lives—Today and Tomorrow." It is a timely topic, and Town Hall patrons are advised to make use of their season tickets when he appears here at the Wm. H. Oliver auditorium Monday evening.

Another Gasoline Cut

THE Chicago Tribune reports that the value of "A" gasoline ration coupons will be reduced from three to two gallons after March 1 in 13 midwestern states.

No official source for the story was quoted by the Tribune, but it would not be surprising if the report were correct. For some weeks, there have been repeated warnings from Secretary Ickes and the OPA that motorists should conserve in the use of gasoline. In fact, there are some gloomy predictions that the domestic oil supply in the postwar era will fall below the demand and that, unless much of it can be imported ,there will be either a continuance or resumption of gasoline rationing after peace returns.

Tremendous amounts of gasoline are being used now in the prosecution of the war. More and bigger airplanes are being built, and longer bombing flights are being undertaken. We have tanks, jeeps and other automotive equipment in action now in many parts of the world. All this activity calls for the consumption of gasoline in quantities heretofore undreamed of.

Solid Foundation

ENLISTMENTS in the WACs, WAVES, SPARS and Lady Marines have been a little slow, in spite of exhortations to patriotism, glowing accounts of accomplishment, and other enticing publicity. But we think that the military has at last found the solution to this problem.

The foundaion garment, nearly extinct in civilian life, is General Issue to the auxiliaries. So now there's a new slogan: "Join the services and get a girdle." Stand aside and let 'em in!

Other Editorial Comments

CED EMPLOYMENT PLAN
(Milwaukee Journal)

Among the most promising of Wisconsin's undertakings is that of the CED—Committee for Economic Development.

That committee, industrially organized on a nation-wide basis, is trying to bring together Wisconsin manufacturers and other businessmen to enlist them in a coordinated, or at least unified program, to "make jobs" after this war.

If private enterprise proposes to prevail as the major economic factor in this nation after the war, it has got to reverse its onetime philosophies.

Those philosophies were simple: A major cost in operating, it argued, is factory or any other business employment. So, when recession or depression threatens, the first thing to do is cut down this major outgo—the wages, salaries, or pay rolls of employes.

By that means industries "conserved assets," to be ready to resume operations when business picked up.

But by that means, too, industry fired thousands of employes and made depressions worse.

Those who buy the products of industry—which means the products or services of merchants, farmers and all others as well as manufacturers—are he people who are employed a good wages and therefore can sustain "the consumer market."

Toss thousands out of employment and you wreck the consumer market whereby industry alone can prosper.

Toss them out of jobs and you do another thing: Induce government to start "relief projects" or other made work, or else force government to care for endless numbers through charity dispensations.

In either case, you force governmental costs up and thereby largely increase taxes.

Obviously, taxes can come only from those who have money. That means industry, in all its phases, including, of course, individuals detached from industry for tax purposes, but nevertheless a part of it.

The Wisconsin CED is approaching the postwar problem with a new outlook. Its members are, in effect, telling industry to make jobs, produce new goods, find new markets—among the very people who hold the old or the new jobs in industry—and thus reverse the vicious circle that formerly sank us into depressions until some unusual force got us out again.

If private enterprise can and will accomplish these objectives it will continue to be the basis of our economic structure. If it doesn't, the people may substitute government for private enterprise.

PRISON FOR A BLACK MARKETER
(Milwaukee Journal)

A Madison man, found in possession of ration coupons worth 11,000 gallons of gasoline, has been sentenced to serve a year in federal prison. Federal Judge Patrick Stone summed the case up nicely. "Eleven thousand gallons of gasoline would be helpful to the boys at the battle front," he said.

It would—and it would also be useful to legitimate users of gas on the civilian front, who find their rations lower than might otherwise be necessary because of the widespread "chiseling" and the growing black market.

Imprisonment for a year is not too severe a penalty for men who traffic in rationed goods or in the coupons which can be turned in for such goods. It may be hoped that all such persons will be apprehended and that similar severity will be used in dealing with them.

This type of ration law violation is basic and must be checked. It can be checked only if the penalty operates as a real deterrent.

Take My Word For it . . Frank Colby

READERS' CORNER

* * *

W. L., Los Angeles: Regarding your recent article on "CAN-CAN'T", I always say "can't" with the broad A. But what I really want is a logical reason for saying "ant" for "aunt."

Answer: It's quite simple. "Ant" was the original pronunciation, for the word came into English as "ante," the Old French word for "aunt." It was pronounced in English like the English word "ant." Later, the spelling was corrupted to "aunt."

D. H. R., Montgomery: I'll give you a logical reason for pronounciation "peekahn" for "pecan" in some parts of the country.

Answer: It's also quite simple. Pecan originally was the Algonquin word **paccan**, pronounced: **pah-KAHN**.

Carl F. Morgan, Hapeville:

Oh, tell me, Frank, please tell me quick,
Am I a moron, dolt, or hick
To mentally brand one a dope
Who calls a wrapper "ON-vel-ope"

Answer:
Nay, not a dope, nor yet a jerk.
That "on" sound is a Frenchy quirk
Which I deplore, but without hope,
Since force is not within my scope.
When I pass on, the world will say:
"Alas! Poor Frank, he's had his day.
He tried his best (olov hasholom!),
But no one ever read his column."

B. L. G., Atlanta: You should talk about typographical errors spoiling your work. I had a short poem accepted by a magazine. In it I used the phrase, "Though Hitler rages, Berlin's burning." Can you imagine my anguish when it came out "Berlin's burping"?

The World Today

BY PERTINAX
North American Newspaper Alliance

Washington—There has been an unexpected shift in the attitude of the Turkish government toward Russia. The Soviet Union is no longer denounced in Ankara at harboring dangerous designs in the Balkans and elsewhere.

The other day a representative of a foreign power listened with some surprise to what a highly placed Turkish diplomat had to say about the amendment introduced in the Soviet constitution to confer on the sixteen republics full autonomy in diplomatic and military matters. "A very courageous move indeed," pronounced that official, "which is sure to be attended with international consequences of a far-reaching nature. It will make Russia and all neighboring states more interdependent than ever."

Only a few weeks ago, Turkish statesmen wont to strike a very different note. Then they complained over the fact that neither British nor Americans had even tried to ward off the Russian menace hovering over Turkish national interests.

* * *

How can that sudden change be accounted for and what is its significance?

The answer is that in the course of the lengthy governmental deliberation which began at Ankara last December, when President Ismet Inonu returned from the conference held in Cairo with President Roosevelt and Prime Minister Churchill, the prospects of joining the United Nations in the war have not been found sufficiently attractive.

President Inonu and his advisers had told the American President and the British Prime Minister that the whole problem of Turkey's foreign relations was to be reconsidered and that by February 15 a definite policy would have been settled. On February 14 the Turkish press made it known that the negotiations with the British government had come to an end and Turkish editors began to assail the British interpretation of the 1939 treaty of alliance while, little by little, Turkish-Russian relations were described in a more favorable light than formerly.

Thus, paradoxically enough, the attempt at involving Turkey in the war which was reported to have been made on the request of Stalin has led to a loosening of the tie with England and may bring about a rapprochement with Russia.

* * *

The claim of the Turkish ministers is that their country's contribution to the cause of the Allies has proved so beneficent as to entitle it to a belligerent's share in the eventual profits of victory. They contend that in the summer of 1941, the most critical period which England and Russia had to live through, they bullied the German command (then about to launch an offensive on the middle east) by making it plain that never would a free passage across Turkish territory be conceded to the armies of Hitler. In that spirit they ordered the bridges over the Maritsa river to be destroyed.

As a reward for that service, they believed that armaments would be delivered to them in huge quantities and that the western powers would see to it that Russia should not plan reorganizing the Balkans to her own liking. Had these conditions been fulfilled, they might have staked everything on the alliance with Britain.

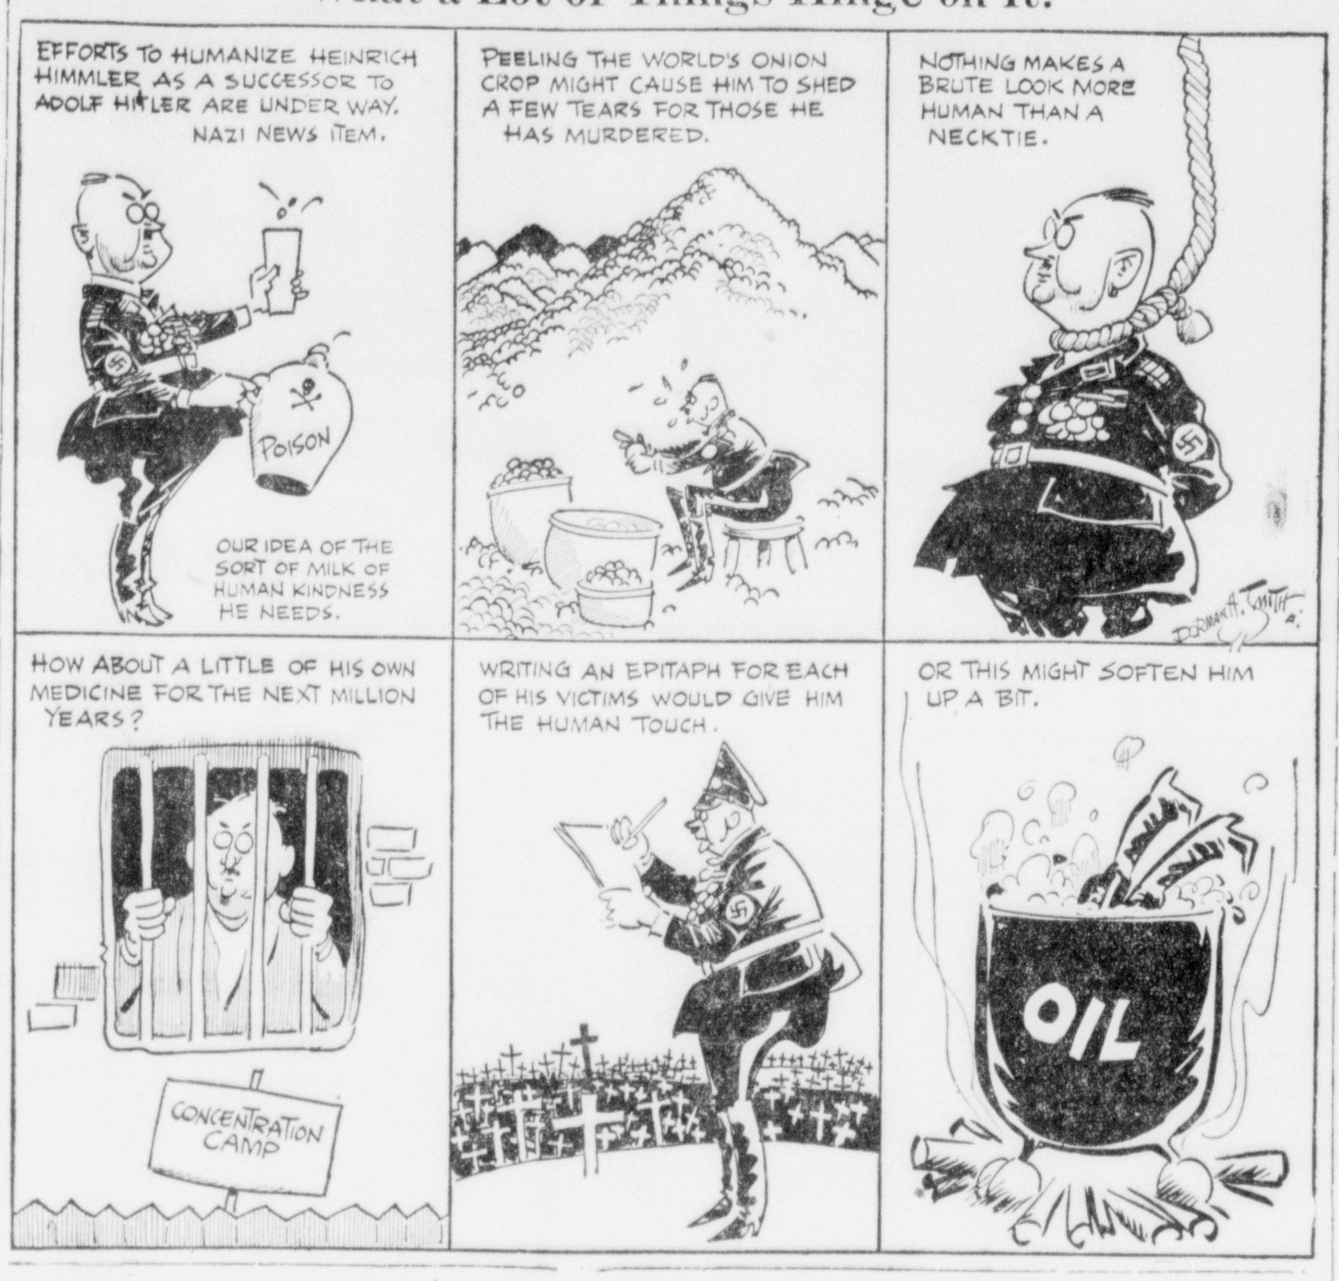
* * *

Today, on both counts, they feel disappointed. Moreover, the support extended from London to Marshal Tito disturbs them. The probabilities are that, by the means of a direct negotiation with Moscow, they will try to secure whatever arrangement they can get. They are not likely to insist any more on an eventual restoration of the Balkan status quo of which the war made short work and to cling to the guarantee of the Greek frontiers, the main clause in the treaty they signed with the government of Athens in January, 1933.

To sum up, during this war neither free navigation through the Turkish straits nor air bases on Turkish soil will be made available to the Allies and, in that respect, Russian demands have failed. But, in the future, Turkey bids fair not to raise obstacles in the path of Russia, and that must be reckoned a huge political gain.

Illinois club women debated whether the dog or cow was man's best friend. Can't you just see a cow running out to meet you?

What a Lot of Things Hinge on It!



EFFORTS TO HUMANIZE HEINRICH HIMMLER AS A SUCCESSOR TO ADOLF HITLER ARE UNDER WAY. NAZI NEWS ITEM.
POISON
OUR IDEA OF THE SORT OF MILK OF HUMAN KINDNESS HE NEEDS.
PEELING THE WORLD'S ONION CROP MIGHT CAUSE HIM TO SHED A FEW TEARS FOR THOSE HE HAS MURDERED.
NOTHING MAKES A BRUTE LOOK MORE HUMAN THAN A NECKTIE.
HOW ABOUT A LITTLE OF HIS OWN MEDICINE FOR THE NEXT MILLION YEARS?
CONCENTRATION CAMP
WRITING AN EPITAPH FOR EACH OF HIS VICTIMS WOULD GIVE HIM THE HUMAN TOUCH.
OR THIS MIGHT SOFTEN HIM UP A BIT.
OIL

Good Morning!

— By The Bugler —

NONSENSE STUFF — Despite manpower shortage and approaching March 15 deadline on those fabulously involved income tax returns, life does have its brighter side. Bills may come and mortgages may go, but nonsense verse—a reliable escape from reality—goes on forever. Thus the popularity of Ogden Nash and his ilk of zany rhymesters. For the benefit of your wartime funny bone (if you have one left), The Bugler will let down what is left of his hair and give out with a few verses of his own. Let's call the first one:

Dunathan

Lenten Special
With clucking sound the pastor wise
Gives congregations this advice:
Now Lent is here and sacrifice
Should be our daily ration,
Let us eschew cafes and bars
And other celebration—
Give up tobacco, drive more slow,
Keep away from the movie show.

But remember this manifesto
Does not exclude a game of bingo.

* * *

Ides of March
Stubby pencil and eraser,
Headache tablets for a chaser,
Income, outcome, add, subtract—
Now really, isn't it a fact:
No matter how the income's bent
You still owe the government?

Multiply from Column B,
Divide by 2 and add a 3,
Fate approaches, destiny
Is knocking at your door—
Really, isn't it a bore?
No matter how the income's bent
You still owe the government-

ONE WOMAN—According to a United States Navy public relations story, the sailors at a lonely South Pacific island had not seen a white woman for months. Their morale was lower than a Jap general after Doolittle finished off Tokio. And then Mrs. Roosevelt dropped in one evening while on a casual trip to—well, on a casual trip. She put on entertainment that evening that kept the boys applauding for hours, says the navy publicity writer.

Take a Grable or Lamour,
Put them both on tour—
Give them all the stuff and spangles,
View them both from all the angles;
And what do our boys clamor for?
Eleanor-

Give a Garson or a Tierny,
Send them on a junket journey—
Season with some melodrama,
Even dress them up like Gra'ma;
Yet what is our boys cry for?
Eleanor!

* * *

PAIRS-OF-TROOPERS — Down at Fort Benning, Ga., Pvt. Edmund Spencer Hutto, paratrooper, when informed that his wife had given birth to quadruplets in an Alabama hospital, asked "Are you sure?" He was sort of dazed, the reporters mentioned.

Pvt. Hutto took the jump,
Became a paratrooper.

Pvt. Hutto took the jump,
And thus became a husband.

Now that he's a paratrooper
He's been doing super-duper,
As a husband, he's a father,
I should say so — rawther!

* * *

SPRING SONG
Spring is here with kites and marbles,
Just the things we've waited for—
But the song the spring bird warbles
Tells us plenty more.

You've had June in January, is the tune
The birdie tells to all who'll listen—
So now you'll have January in June,
And that's the season you be wishin'
You'd had snow,
And forty below,
Last winter!
—Clint Dunathan.

INTO THE PAST

10 Years Ago—1934

All CWA foremen in Escanaba are receiving written notice from Escanaba City Manager T. F. Kessler that CWA workers drinking liquor while employed on projects will be dismissed.

Organization of an Escanaba post of the Veterans of Foreign Wars is being considered here. A. J. Matson of the Metropolitan hotel will receive applications for membership.

Berlin—Any time after 10:30 a. m. Sunday Adolf Hitler can proclaim himself emperor of Germany if he so desires. All political leaders of Germany on that hour will take the following oath: "I swear unshakable fidelity to Adlof Hitler and unquestioning obedience to him and the leaders designated for me by him."

20 Years Ago—1924

Engineers of the staff of Hoad & Decker, sanitary engineers, will be in Escanaba this week to begin a study to determine whether it is possible to remove "the unsavory creosote taste" from the city water supply. At the same time the engineers will survey the sanitary situation in regard to the water supply in an effort to assure pure water from the bay.

Manistique — The marriage of Miss Ina Nessman of Manistique and Gunnard Swanson of Iron Mountain took place Sunday in Manistique with the Rev. R. S. Sidebotham of the Presbyterian church officiating.

Gladstone—C. H. Teague, superintendent of schools, has left for Chicago where he will attend a convention of the National Education association.

25 Years Ago—1919

The proposal to select P. A. Lint as the next superintendent of schools in Escanaba is meeting with wide public favor. Although now stationed overseas, it is believed that he might be induced to return here.

Boston—Speaking at a public meeting for the first time since his return from the peace conference in France, President Wilson voiced faith that America will work for world peace "and new standards of right in the world." He declared that he is prepared to take his plea for membership in the League of Nations straight to the people of America.

Boston—Plans for a mass meeting to protest against the president's League of Nations plans has already developed here. The slogan adopted for the meeting is "America First."

Sid Law, who has ben employed by the Illinois Central Railroad for 50 years was fireman for the famous Casey Jones.

In the first 10 months of 1943, the OPA issued ration certificates for about 4,600,000 truck tires.

Women comprise over 18 per cent of the wartime employes in the nation's intercity bus industry.

The government has approved production of 123,000 new commercial vehicles for 1944—80,000 for civilian use.

Unnecessary travel during 1943 averaged 20 per cent on railroads and 33 per cent on buses, according to Office of Defense Transportation figures.

A new type Army bus, built almost entirely of non-strategic materials, has a record capacity of 260 persons, and can carry a load equivalent to that of 52 five-passenger cars.

In Hollywood

BY ERSKINE JOHNSON
NE AStaff Correspondent

Even Fibber McGee has become a Hollywood "whistle boy" as film scenarists shortage of men in Washington in RKO's "Heavenly Days." The homespun Fibber is surprised when three glamor girls whistle admiringly at him as he and Molly walk down a street in the film.

"Why were they whistling?" asks Fibber.

"Believe it or not, they were calling a street car," says Molly, taking a firmer grip on his arm.

* * *

Hpmphrey Bogart, just returned to Hollywood from a tour of the African and Italian fronts, will star in a special Red Cross short—"A Report From the Front—by Humphrey Bogart."

* * *

It could happen only in Hollywood. On stage 5 at Paramount, there's a snow-making machine for Alaskan scenes in "The Road to Utopia." Next door, on stage 6, there's a swimming pool with heated water for a bathing gal dance routine in "Bring on the Girls."

* * *

You'll probably recognize the voice for a Victor Moore caricature in Leon Schlesinger's "Merrie Melodie" cartoon, "Ain't That Ducky." Moore himself dubbed in the dialog.

* * *

Daisy, the educated pooch, launched a long and mournful howling on the set of "National Velvet."

"With a bow tie," cracked Director Robert Z. Leonard, "he'd be perfect for Sinatra."

* * *

And speaking of Sinatra, Vera Vague reports this lure being used by a lunch stand near the RKO studio. A sign in the window says: "Girls wanted for waitresses. Sinatra eats here."

* * *

After a soldier danced with Ruth Warrick at the Hollywood Canteen the other night, he went over to a busboy and asked if he could get her telephone number. The busboy was the star's husband, Eric Rolf!

* * *

Wallace Beery—poet. Hard to believe, but rough and rugged Wally will compose as well as recite it in his new film, "Honest Plush Brannon."

* * *

Susan Peters, who knows nothing about piano, does a terrific bit of keyboard faking in "Song of Russia." Loretta Young, who can't play a note, either, fakes a Chopin Nocturne for a scene in "And Now Tomorrow." Edward G. Robinson, who admits he can't sing, warbles "Sweet Genevieve" in "Mr. Winkle Goes to War." Looks like an epidemic.

* * *

Western boogie woogie for Ann Sothern in "Maisie Goes to Reno." She'll sing "Panhandle Pete" with all the stop out.

* * *

Letter to Kay Kyser from a bomber crew of the Eighth Air Force, which is raiding Berlin these nights. The boys have dubbed their plane "Evenin', Folks. How Y'all?"

* * *

Bud Abbott, new mayor of Sherman Oaks, isn't treating his job as a joke. In office just a week, Bud is already preparing to petition Washington for establishment of a Federal Bank branch. To hold all the money he and Lou Costello are making?

* * *

A not-so-successful glamor gal charged into a studio publicity department, screaming: "Everyone is being selected Miss Oomph, Miss Sound Effects, Miss Cotton, Miss Victory—what about me being named something?"

"Sure," spoke up a bored press agent, "we'll name you Miss The Boat."

The experts say, when you step up from 35 to 40 miles per hour you cut your tire mileage 20 per cent.

A luke-warm iron won't leave a brand on a steer any more than luke-warm convictions will leave a mark on life.

The Washington Merry-Go-Round

BY DREW PEARSON

Washington—Inside fact is that the President is not getting much help from his Cabinet on the universal labor draft proposal. But his "old Dutch is up," and he is determined to go ahead with it, anyway.

How great a surprise his labor draft message was to his close advisers is illustrated by War Manpower chief Paul McNutt. On the night before FDR sent his message to Congress proposing the new legislation, McNutt was speaking before a group of his manpower administrators, assuring them that there would be no national service act.

Pearson

"I would be the first to know about it," he said.

Next day, without a word to McNutt, the President urged Congress to pass a national service act.

Only a few insiders knew it but, much earlier in the war—in fact, just after Pearl Harbor—McNutt himself proposed a national service act. Later, after Judge Vinson became Economic Stabilizer, McNutt sold him on the idea and together they carefully wrote a draft bill which set up safeguards for labor and carried none of the Constitutional dangers of the Austin-Wadsworth bill.

However, some of Bernie Baruch's friends on Capitol Hill, apparently tipped off by him, sent word that they would not pass it. So the whole thing lapsed until the President sprang his surprise move—which he did without consulting Byrnes, Judge Vinson or his Cabinet.

Note: Instead of taking the national service bill carefully prepared by Vinson and McNutt, Judge Sam Roseman has now asked Oscar Cox, Leo Crowley's legal expert, to do the job.

—AGENCY CHIEFS OPPOSE PLAN—

How sharply the Roosevelt Administration is split regarding the labor draft is indicated by a series of backstage meetings held by different leaders. One was called by Donald Nelson, at which he quizzed War Production Board moguls about the labor draft. Almost unanimously, they replied that industry didn't need it, that it would only cause trouble, perhaps hinder production.

Simultaneously, Under Secretary of War Patterson suggested that Under Secretary of the Navy Forrestal call a meeting of different war agency chiefs in Forrestal's office to discuss the matter. The meeting was held, and Judge Patterson delivered a hard hitting, somewhat emotional speech for the national service act. However, there was not much response. After the meeting broke up and the different agency chiefs compared notes, it was evident that almost all of them were opposed.

The Patterson meeting, however, gave the tip-off as to who had sold the President on drafting labor. It was the War Department.

AFL boss Bill Green and CIO chief Phil Murray had all doubts of this removed when they went to call on the President.

—LABOR'S WAR RECORD—

Before registering a protest at the White House, Murray wrote a letter to General Marshall, saying that he had heard the Army was dissatisfied with labor, and without asking whether Marshall had or had not held his famous press conference attacking labor, he requested the Chief of Staff to give his opinion on the job labor had been doing during the war. General Marshall replied that he did not know much about it and was passing the letter on to General Somervell, in command of Army Service Forces.

Somervell, in turn, wrote Murray a glowing tribute regarding labor's part in the war. Nelson also wrote Murray that labor had done a magnificent job. Finally, Secretary Perkins, in reply to Murray, wrote him that work stoppages had set back production only eight hundredths of one per cent, and that labor's record was 99 92/100 per cent perfect.

Thus armed, Murray and Green went to the White House, laid the letters before the President.

"There is the record, Mr. President," Murray said, "from your own people. We are not perfect, but few people are perfect, not even your Administration, and I doubt if anyone in the war has a better record than labor with 99 92/100 per cent."

The President expressed surprise and said he had not realized labor's record was that high.

—MERRY-GO-ROUND—

Senator Pat McCarran is having re-election troubles in Nevada. Among other things, he got in between an AFL-CIO squabble at the Las Vegas magnesium plant. Also, a lot of Nevadans seem to want a change of faces—and of political parties . . . Senator Dennis Chavez of New Mexico may run against his old political enemy, Governor Jack Dempsey (both Democrats) when Dempsey comes up for re-election. Dempsey has become increasingly unpopular . . . New Mexico is more aroused over the Bataan atrocities than any other State, because the entire New Mexican National Guard, being able to speak Spanish, was sent to the Philippines and those who survived were captured there . . . FDR has had a hard time carrying the State . . . Sage Charley Michelson, who has known intimately as many bigwigs as anyone alive today, will soon publish his memoirs, "The Ghost Talks," first installment to appear in the American Magazine . . . U. S. agriculture officials are irked at California for holding up shipments of Canadian wheat in seaports after the wheat was especially imported by the U. S. for cattle feed. Reason is that different California counties have different seed laws. So now Commodity Credit officials are shipping the wheat right through California to Utah.

Personal News

C. Emery Snyder, Capt. Milton Anderson, J. H. Jackson and Harry J. Gruber attended the joint meeting of Kiwanis and Rotary clubs in Iron Mountain yesterday noon.

Joseph Thill, of 210 North Eleventh street, has returned from Rochester, Minn., where he spent the past two weeks receiving treatment at the Mayo Clinic.

Seaman 2/c Wilber Niemla, who has completed his boot training at the Great Lakes Naval Training Station, visited here at the Fred Bingham home, enroute to Hancock where he will spend his leave at his family home.

Rita Guindon of 1212 Seventh avenue south, who submitted to an operation for removal of tonsils Tuesday morning at St. Francis hospital, is recuperating at her home.

Miss Betty Jaeger returned Monday to Evanston, Ill., where she is a student nurse at Evanston hospital, following a month's stay here during which she attended her father, the late William J. Jaeger, of Watson, during his critical illness and at the time of his death.

Pvt. James L'Heureux is spending a ten-day delay in transit at the home of his parents, Mr. and Mrs. Arthur L'Heureux, 611 South 15th street. He will report at Seymour Johnson Field, N. C., at the conclusion of his visit home.

Births

Mr. and Mrs. Robert Forton, 320 South Tenth street, are the parents of a daughter, born Tuesday, February 22, at St. Francis hospital. The baby has been named Mary Ann Eugenia.

Mr. and Mrs. Art Sanville of Cornell are the parents of a son, born February 23 at the Alvina Buchholtz maternity home. The child weighed eight pounds at birth.

A daughter was born Thursday, February 24, to Mr. and Mrs. Theodore DeGrave of Bark River at the Alvina Buchholtz maternity home. The baby weighed seven and three-quarter pounds.

Ten Mile Honor Roll Announced

Honor pupils of the Ten Mile Creek school for the month are:

Scholarship — Elaine Savage, Mildred Levesque, Janis Lee Butryn, Marie LeClaire, Marilyn Savage, Ludith Derouin.

Attendance — Agnes Panek, Joyce, Edmond and Margaret Gardner, Marie LeClaire, Charles LeVigne.

Over 20,000 square feet of plywood is required for every cargo plane built.

Expels Gas From Stomach and Bowels

When constipation's gas way down in the bowels bloats you up and you feel miserable—get Dr. Peter's Kuriko. This time-tested stomachic tonic medicine—compounded of 18 of Nature's own medicinal roots, herbs and botanicals—usually brings happy relief. Take only as directed on label. Kuriko comforts the stomach and aids clogged up, sluggish bowels to expel waste matter. Best of all it reduces bloated, gassy feeling due to delayed elimination. For soothing relief from functional constipation's intermittent bowel-gas attacks, get KURIKO today—from any Fahrney agency, such as:

Revival Meetings Opening Sunday

Revival meetings will be held at the Pentecostal Assembly, 19th street and 15th avenue north, beginning Sunday, February 27, and continuing through March 5, every night except Saturday. Rev Charles U. Colegrove, pastor of the Apostolic church of Grand Rapids, will be the speaker. Everyone is welcome to attend.

Social - Club

Story Hour

Another story hour will be held at the Salvation Army hall at 2:30 o'clock Saturday afternoon. Mrs. Milton Anderson will be in charge.

• • •

Isabella Meeting

Daughters of Isabella of Trinity Circle will hold a regular business meeting at St. Patrick's parish hall Monday evening, February 28. Mrs. Frank Shepeck is chairman of the evening, and hostesses are Misses Margaret Carlin, Ruth Ford and Margaret Kennelly and Mrs. William Shepeck.

• • •

Rebekah Meeting

Phoebe Rebekah Lodge, No. 179, will hold a regular meeting this evening, beginning at eight o'clock, at the I. O. O. F. hall, North Tenth street. The social hour will be in charge of Mrs. Laura Nicholas, who is chairman, and Alpha Hansen and Alice Kvam.

• • •

Honor Mrs. Fosterling

Mrs. Albert Fosterling was guest of honor at a birthday party Thursday afternoon at her home on her 74th anniversary. A delicious lunch was served at a table centered by a large birthday cake, the gift of the Bourdeau grandchildren. Mrs. Fosterling was presented with a purse. Guests were Mesdames A. Lindquist, A. Hammerberg, Nels Deno, E. Gurney, Andrew Olson, L. Gardiner, L. Johnson, E. Palmatier, C. Foisey, Mrs. C. G. Fletcher of Soo Hall, and Mrs. Fosterling's daughter, Mrs. Fred J. Bourdeau of Escanaba. The afternoon was spent in sewing for the Red Cross.

Parts of the complicated turbo-superchargers used in high-altitude bombers are made by an adaptation of a process used by sculptors.

Miss Faccio of Hermansville Is Bride of Marine

Miss Elsie Faccio, daughter of Mr. and Mrs. Enrico Faccio of Hermansville, and Donald E. Laduron, of the United States Marine Corps, son of Mr. and Mrs. Arthur Laduron, of Milwaukee, were united in marriage at a ceremony which took place Sunday morning, February 20, at ten o'clock in the rectory of St. Williams church in Menominee.

Rev. Fr. Robert Monroe read the service. Attendants were Miss Ann Mortenson of Chicago and George Hillson of Marquette.

The bride wore a frock of forest green crepe and a shoulder corsage of Johanna Hill rosebuds. Miss Mortenson wore black crepe with white accents and a shoulderette of white carnations.

A wedding dinner was served at 12:30 o'clock at the Hotel Menominee, a tiered wedding cake centering the table.

Guests at the wedding included Mr. and Mrs. Arthur Laduron of Milwaukee and Mr. and Mrs. Enrico Faccio and Miss Joan Faccio of Hermansville.

In 24 months, the AAF expanded to 2,800,000 men, many more than were in the entire Army when war was declared; our Navy air force grows at the rate of about 5000 planes a month, and pilots are being turned out at the rate of 75,000 a year.

COPPER BONUS IS CONTINUED

Isle Royale Mine Will Get Premium Another Three Months

Houghton — The United States government contract with the Isle Royale Copper company, under which a premium price is paid for the refined copper output of the company, has been renewed for three months, it was announced yesterday. This statement was made at the noon meeting of the Association of Commerce by B. D. Noetzel, managing director of the Isle Royale. Signing of the contract assures the continuation of operations on substantially the present basis at least for the months of March, April and May. The price per pound to be paid will be only slightly under that received during the past year.

W. H. Schacht, president and general manager of the Copper Range company, it was stated, is in Washington in connection with the negotiations for the renewal of the Copper Range contract. It is assumed that both this and the Quincy contract will be similarly renewed for a like period.

Airplane plants on the West Coast produce 60 per cent of the nation's heavy bombers.

The average distance per bus passenger in the United States is 52 miles, as compared with 108 miles for the average rail coach passenger.

Hospital

The condition of Miss Iris Long, who is a medical patient at St. Francis hospital, was reported yesterday as improved.

Mrs. John Kallman, Sr., of Gladstone, Route One, submitted to a serious operation Wednesday morning at St. Francis hospital. Her condition is reported favorable.

LIONS TO MEET MONDAY NIGHT

Dinner To Begin At Six O'clock; Students On Program

Because of the lengthy program and conflict with Town Hall, the regular meeting of the Lions club at the Sherman hotel Monday evening will begin at 6 o'clock instead of 6:45 p. m.

Students of government in the Escanaba high school will present the program at the Lions meeting.

The Town Hall lecture by Wilfrid Laurier Husband will begin at 8:15 p. m., instead of 8 o'clock as previously announced.

Escanaba Elks Hear Student Speakers

Two high school speakers were heard as a feature of the initiation meeting program of Escanaba lodge 354, B. P. O. Elks on Wednesday night.

Dick Bowers, whose trip to the 1943 Michigan Boys' State was sponsored by the Elks, gave an interesting summary of events at this annual East Lansing gathering of boys, and Don Swellander, member of the Victory Speakers bureau at Escanaba high school, gave a talk on Abraham Lincoln, whose birthday is observed in February.

The Elks will again sponsor a delegate to the 1944 Boys State, and N. T. Stephenson, exalted ruler, has appointed a committee to make the selection of the Elks representative.

Obituary

ERICK WICKLUND

Funeral services for Erick Wicklund of Wells were held at 2 o'clock Thursday afternoon in the chapel of the Anderson funeral home, Rev. Karl J. Hammar of the Central Methodist church officiating. The services were entirely in the Swedish language.

The pastor's text from St. John, 11th chapter, 25th verse, was "I am the life." Mrs. Al Olson sang "Jesus Makes Me Still" and the "Dove's Refuge."

Burial was in Lakeview cemetery. Pallbearers were Jacob Groos, John, Fred and Charles Mattson, John Kallman and Alfred Sealander.

Mr. and Mrs. C. Martin and Mrs. Theresa O'Donnell of Detroit and Mr. and Mrs. F. O'Brien of Chicago were among those at the services.

Do not men die fast enough without being destroyed by each other?—Fenelon.

Retailers Advise Public To Prepare For Next War Loan

A simple, but effective, way to plan for buying one or more extra war bonds when the next war loan drive begins is offered by Gust Asp, local chairman for the Michigan Retailers War Savings Committee.

"We have hardly caught our breath since the Fourth War Loan ended," says Mr. Asp, "and some people will think it out of order to start talking about the next war loan drive, whenever it may be. However, we can be sure another will be upon us before too long, and people should start planning now how they are going to be ready to buy extra bonds when that time comes.

"One of the best ways I know of is to start making regular weekly purchases of one-dollar or five-dollar war savings stamps, and by the time the next war loan drive starts, a person can easily have saved nearly enough to buy an extra $100 bond at that time. I have in mind, of course, extra money, in addition to regular bond and stamp buying. Everyone should continue buying as many bonds and stamps as usual, every month; but in addition, a little 'extra' put away every day, or every week, counts up faster than one realizes, and soon will amount to enough for an extra bond."

Briefly Told

Unusual Card Hands—Two unusual hands were held in a three-handed game of pinochle which Mrs. Ralph Shiner and her two sons were playing Wednesday evening. Jack Shiner, of Detroit, held a double royal or twelve cards of one suit, and in the next deal Clarence (Bud) Shiner had 1,000 aces.

* * *

Priority Clinic—Robert H. Cox, WPB priority expert, will hold a clinic at the Escanaba Chamber of Commerce office from 9 a. m. to 12 noon today.

Some people are so afraid to die that they never begin to live.—Henry Van Dyke.

Munising News

NEWSMEN VISIT PRISONER CAMP

A group of newspaper men from Chicago, Milwaukee, and Detroit, officers of the public relations division of the Sixth Service command, and U. S. Army signal corps photographers Wednesday visited Camp Evelyn, east of Munising, where German War prisoners employed in woods work are being quartered.

The newsmen and photographers procured material for news stories dealing with the war captives. The visit to the camp was arranged by permission of the War Department and all stories and photographs are to be submitted to that department before publication. All photographs were taken by the signal corps photographers. After visiting the camp the party went to several logging jobs where the prisoners are cutting pulpwood and chemical wood.

Included in the party were Major Lynn Fairbanks, Milwaukee; Major George W. Johnson, Chicago, and Major Thomas W. DeMint, Detroit, public relations officers of the Sixth Service command; Harry McLean, Chicago Tribune, Kendrick Kimball, Detroit News; Arthur Juntanen, Detroit Free Press; John Krecy, Detroit Times; Ward Caille, Chicago Daily News; W. A. Norris, Milwaukee Sentinel, Ross Dick, Milwaukee Journal; Ernest Heidkamp, Chicago Herald-American; Sgt. George Glakesly, Chicago; U. S. Army signal corps; Capt. A. L. Gold, New York, signal corps; Sgt. E. B. Hatrick, Larchmont, N. Y. signal corps; Pvt. A. H. Starkoff, Queen's Village, N. Y. signal corps, Wilbert H. Treloar, Ishpeming, The Daily Mining Journal; L. A. Danielson, Escanaba Daily Press.

George Norton, 78, Stricken At Clinic

Munising, Feb. 24 — George Norton, 78, of 105 Pine street, a resident of Munising for the past 50 years, died today at the Mayo Clinic at Rochester, Minn., where he had been taken for treatment. He has been in ill health for the past year.

Born March 17, 1866 at Newcastle, New Brunswick, Canada, Mr. Norton has been a resident of Munising for 50 years, and prior to that lived in Oconto, Wisconsin. He has been employed by the Cleveland Cliffs Iron company and the City of Munising.

Surviving are his widow, two sons, Howard of Munising and William of Manistique; and two sisters, who reside in the East. Several nieces and nephews and two grandchildren also survive.

The body will arrive at the Beaulieu funeral home in Munising at 9 o'clock Friday morning. Funeral arrangements have not been completed.

Ishpeming Ski Club Honors Albert Oas

Albert Oas was a guest in Ishpeming from Thursday through Monday attending the 40th anniversary National Ski Tournament. At the dinner he was presented with the following life membership card: "Mr. Albert Oas is an honorary member of the Ishpeming Ski club for period of life and is entitled to all the rights and priveleges of such membership, Signed, George Arnold, Pres. and W. R. Atkins, Sec."

Mr. Oas served as the first secretary of the organization from 1901 to 1905 and has been active in this organization during all the intervening years.

BRIEFS

Circle No. 22 of St. Anthony's Guild met at the home of Mrs. Clifford Liberty, Thursday evening. Mrs. Julius Raica was elected to succeed Mrs. F. Gosselin as promotor of the circle.

George Beaudette, U. S. army, son of Mr. and Mrs. Louis Beaudette, has safely arrived in England, according to word received by his parents.

Cpl. Clifford Johns and his fiancee, Miss Ruth Loderman, Los Angeles, California, left Sunday after visiting friends and relatives here for two weeks.

WILL NAME 2 TO COMMISSION

Annual Election To Be Held On Monday, April 3

Two members of the Gladstone city commission will be selected by voters of the city at the annual city election on Monday, April 3, the terms of Milton Berg and John V. Erickson expiring.

Up to the present there are no announced candidates for places on the commission.

Nominating petitions may be filed up until 20 days prior to the day of the election.

The commission is composed at present of Mayor Ole Peterson, J. A. LaFramboise, August Olson, Milton Berg and J. V. Erickson.

Briefly Told

Novena Service—Novena services are to be held tonight at 7 o'clock in All Saints' Catholic church.

* * *

S. S. Meeting—Officers and teachers of the First Baptist church Sunday school will meet tonight at 7:30 o'clock at the home of Otto Goodman, Sunday school superintendent.

* * *

Confirmation Class—The confirmation class of the Mission Covenant church will meet at 4 o'clock this afternoon at the church for instruction.

* * *

Jr. Choir Practice—The junior choir of the First Lutheran church will rehearse this afternoon at 4 o'clock at the church.

* * *

Bible Class—The pastor's Bible class of the First Baptist church will meet at 6:15 o'clock tonight.

Social

Stork Shower

Mrs. Lewis Brock and Mrs. Robert Micheau were pleasantly surprised and honored at a stork shower arranged by members of the "Y" club and held Wednesday evening at the home of Mrs. Al Maskart, 1327 Minnesota avenue.

A delicious luncheon was served at the close of the evening, after which the two honor guests were presented with several valuable gifts.

Mrs. Maskart's guests were Mesdames Rene Maskart, Herbert Cornell, Hector Berglund, Victor Brock, Charles Beck, Robert Micheau and Lewis Brock.

CHURCHES UNITE FOR SERVICES

Observe Day Of Prayer Today At Methodist Church

"The World Day of Prayer" is being observed today in Gladstone at union services to be held in Memorial Methodist church.

The service will open at 2:30 o'clock this afternoon and continue until 4 o'clock.

Joining in the service are the host church, the First Baptist, First Lutheran and Mission Covenant. Congregations from all four will worship together and the service will be conducted by women from the united churches.

Throughout the nation, churches this week set aside a day on which to make special emphasis of prayer for the guidance and help of God in these trying times.

The service will be thoroughly interdenominational and an invitation is extended to all church members and friends.

An offering will be taken for the American Bible society which now is supplying every service man by request and every type of war machine with New Testaments.

Organ interludes will be broadcast throughout the day from the tower of the host church.

Farm Boy Tells How He Killed His Mother and Sister at St. Charles

Saginaw, Mich., Feb. 24. (AP)—The story of the double slaying last Monday of a mother and her nine-year-old daughter unfolded swiftly today as Edward Warrichait, 16, was arraigned on a murder warrant and the murder weapon, a .32 calibre rifle, was located in a gasoline station near Leslie.

The St. Charles farm youth, who recounted for Saginaw county sheriff officers details of the kiling of his mother, Blanche, 44, and his sister, Esther, was arraigned before Justice Arthur Clements after probate court relinquished jurisdiction. Warrichait waived examination and was bound over to circuit court without bond. He is scheduled to appear before Circuit Judge James E. O'Neil who will appoint a commission to determine his degree of sanity.

Blaming the whole thing on "the devil," the six-foot youth told Sheriff Hugo A. Muehlenbeck he had thought about killing his mother "for about an hour" before he actually discharged the rifle through a crack in the horse barn.

"I had been keeping the rifle in the barn. About 9 o'clock in the morning I read the Bible. Between noon and 1 o'clock I went to the barn and hid and stuck the gun through a crack in the wall. In a little while mother came to the woodshed to call me for dinner and I fired."

"Where did she go then," the sheriff asked.

"She didn't!" the boy replied. He said she fell backwards inside the woodshed and he went across the barnyard, dragged her body into a corner of the small room, covering it with burlap bags and rugs.

Warrichait, who told the sheriff he believed he intended to kill the entire family, said he returned to the barn to wait.

In a few hours, he said, he saw Esther approaching across a field, returning from school.

"I went back to the woodshed and lay on my stomach and aimed the gun through the crack.

"When she came across the barnyard I shot her in the back of the head."

Warrichait said he didn't recall a second shot, although police said two bullets had struck the girl's skull.

After removing Esther's body to the woodshed where he placed her beside her mother, he waited for his older sister, Arlene, 13. When she came home from school she was accompanied by three schoolmates, he added.

He said he believed he was going to shoot Arlene but became frightened when he saw the other children.

Taking his gun and calling his dog, he told Arlene their mother and sister had gone shopping and that he was going into the woods to hunt.

The rifle was found by Ingham County Sheriff S. M. Johnson in a gas station just outside Leslie on Highway US-127. It was being held by Alfred Parker, operator of the station, in lieu of a gasoline stamp which Parker said young Warrichait did not possess when he purchased gasoline there in his flight from home.

After several hours' questioning by Police Chief M. L. Kennedy of Van Wert, Warrichait finally announced:

"You'll know it anyway, I might just as well tell you.

"I killed my mother and sister."

He then wrote and signed a full confession and waived extradition to Michigan. He was returned to Saginaw this morning.

Local Businessmen Take Over Funeral Home In Munising

The former Bowerman and Son funeral home in Munising began operation yesterday under new management and ownership as Madison and Jackson funeral home, it was announced yesterday by Edward Jackson, local funeral director.

In operating the Munising establishment, Mr. Jackson and Charles Madison have formed a partnership, it is announced. It will be under the personal direction of Mr. Madison who moved to Munising this week.

Mr. Madison has been an employee of the Kefauver and Jackson funeral home here for the past five months. He came here from Lansing.

McAlpine Infant Dies In Germfask

Samuel Edwin McAlpine, infant son of Mr. and Mrs. Earl McAlpine of Germfask, died February 24, at the age of six weeks.

The child was born January 10, 1944 in Germfask. Surviving besides the parents are several brothers and sisters.

The body was prepared for burial at the Kefauver and Jackson funeral home in Manistique, and was to be returned to the family home today for funeral services. Burial will be this afternoon in the Germfask cemetery with a Methodist minister officiating.

Former Resident Dies In Detroit

Mrs. Lewis Hazen of Detroit, a former resident of Manistique and Thompson, died in Detroit on February 5, 1944, it was learned here yesterday. Burial was February 7 in Detroit.

She died at the age of 83 at the home of her daughter, Mrs. Clifford Becht.

Surviving her are three daughters and three sons: William, Edward and Winn, address not known; Mrs. Joseph Gamble and Mrs. Clifford of Detroit, and Gertrude, address not known. Twenty grandchildren also survive. Joseph Severs of this city is a half brother of the deceased.

Briefly Told

Bake Sale—The members of the Philathea Class of the First Baptist church are sponsoring a bake sale on Saturday at the Weber and Vaughan grocery store.

Pythian Sisters—The regular meeting and installation of the Pythian Sisters will be held this evening at the home of Mrs. Albert Ackerman. A planned pot luck dinner will be served at 6:30 o'clock and all members are asked to be present.

City Briefs

Mr. and Mrs. Leon Duquette have named their son Leon Henry. The baby was born on Friday, February 18 at the Shaw hospital.

The condition of Adolph Johnson, Arbutus avenue, who fractured his hip a month ago, is improving, but he is still confined to his bed.

Mrs. Vilas Grey has left for Muskegon where she will visit with her son-in-law and daughter, Mr. and Mrs. Lionel Tyrrell.

Mrs. Donald Blosser of Cooks submitted to an appendectory on Monday at the Shaw hospital.

CARD OF THANKS

It is with a feeling of sincere gratitude that we take this means of expressing our deep appreciation and thanks to our relatives, neighbors and friends for their kindnesses shown us in our sad bereavement, the death of our beloved husband and father. We are grateful to Rev. Fr. Nolan McKevitt for his consoling words and other manifestations of sympathy, to those who served as pallbearers, to those who sent floral and spiritual bouquets, to those who offered the use of their cars and to all those who in any way helped to lighten our burden of sorrow. Your kindness will always be held in grateful remembrance.

County Teachers Attend Institute Here Today

Teachers of Schoolcraft county schools will meet at 9 a. m. today in the high school auditorium for the Teachers' Institute.

Included in the day's program are two addresses this morning and during the afternoon another address will be heard following a discussion period at 1:15 p. m.

Featured speaker at the institute is Dr. J. Raymond Schutz, educator, traveler and lecturer of North Manchester, Indiana. Described by newspaper men as "the sanest and soundest speaker on current topics," and "a personality, a voice and a message you will never forget," Dr. Schutz will deliver the following addresses: Education for a Self-Reliant Citizenship, and The Meaning of Total Peace.

The noted speaker is a graduate of Otterbein university, University of Chicago, University of California and Yale university. He has been a professor of social sciences for 23 years, members of several honor societies, has studied in Europe and has delivered more than 800 commencement addresses.

Mrs. Ada Watson, county commissioner of schools, will preside at the institute. Music will be furnished by the high school band and the girls' glee club. Rev. William Harvey will give the invocation.

Dr. Joseph C. Dewey, of the Northern Michigan College of Education, will speak during the morning session. The Teachers' Retirement Fund will be discussed by C. C. Strickland, a member of the MRTF board. George D. Gilbert, regional director of the Department of Public Instruction, will speak during the afternoon on bulletins from his department.

Lenten Services At Zion Church Are Announced

Rev. P. S. Nestander announces that Wednesday evening services will take place in Zion Lutheran church during Lent, and that during Holy Week daily services will be held.

Special music at the mid-week services will be rendered by the junior and senior choirs under the direction of Miss Margaret Johnson. Using the theme, "Our Share in the Cross of Christ," services during Lent will be as follows:

Wednesday, March 1, 7:30 p. m., A Decision and a Dedication.

Wednesday, March 8, 7:30 p. m., Victor and Vanquished.

Wednesday, March 15, 7:30 p. m., Life's Fateful End.

Wednesday, March 22, 7:30 p. m., We Share In Its Guilt.

Wednesday, March 29, 7:30 p. m., We Share In Its Redemption.

Sunday, April 2, Palm Sunday, 10:30 a. m., Confirmation; 7:30 p. m., Holy Communion.

Holy Week services:

Tuesday, April 4, We Share In Its Forgiveness.

Wednesday, April 5, We Share In Its Fellowship.

Thursday, April 6, We Share In Its Gift of Life.

Good Friday, April 7, We Share In Its Promise.

Easter Sunday, April 9, We Share In Its Resurrection.

The public is cordially invited to these services.

Want March 9 For First Educational Meet For Inductees

The Manistique Civilian Defense Council is expected to set March 9 as the date for their first educational meeting for expectant inductees, it was learned today through local OCD officials.

Arrangements have been made for the appearance here on March 9 of Major Samuel F. Oakey of Marquette. This information was received from C. H. Rogers, field representative of the OCD, Marquette, who was here last week to discuss the nation-wide plans for informational programs for men expecting to enter the service soon.

Complete plans for these meetings will be drawn up tonight at a meeting of the local Defense Council in the city hall.

Marine Raider On Guadalcanal Tells His Experiences

Harry LeFleur of Hiawatha, a Marine Raider, twice awarded the Presidential Citation for valor, discussed his experiences this week at a meeting of the Rotary club.

He told in detail his experiences on Guadalcanal where he landed as a Marine Raider on September 7, 1942. He went through the worst two months of the fighting there, he revealed. During that time his detachment twice received the Presidential Citation. He went through major battles on Guadalcanal and came through unscathed, he said.

He has also seen considerable service as a volunteer paratrooper. He said he had made 10 parachute jumps. Some of the South Pacific Islands are so covered with foliage that it is impossible to make a parachute landing on them, he said. In such cases a landing is made with invasion barges.

He discussed at length the use of dogs while invading an island. The dogs act as sentries beside a machine gunner, LeFleur stated. When a Jap attempts to crawl within range, the dog bristles and points to the Jap. Thus the machine gunner can easily "wipe out the enemy." Asked if he had killed any Japs, he replied, "Lots of them."

LeFleur is home on furlough at the present time. He was brought to the Rotary club as the guest of C. S. Slining.

Fishermen Run Down Coyote On Lake With Car

Something new in the art of hunting predators occurred here recently when three men pursued a coyote in a car on Indian Lake and finally exhausted the animal and killed it.

The unique hunters were Ray Bunker, Tim Besner and Frank Fagan. While driving across the lake to fish they noted the animal and took chase with their car. Witnesses said they pursued the animal for about one hour. Finally the coyote was exhausted and one of the men struck it with a crank. The hide was to be turned in today to the Department of Conservation for $15 bounty.

Thompson Man To Have Court Trial At 10 a. m. Today

A justice court trial for John Olson of Thompson, charged with illegally cutting timber on another person's land, is scheduled for 10 a. m. today.

Olson pleaded not guilty when arraigned Wednesday before Judge W. G. Stephens. He was released on a $100 cash bond.

Complainant in the case is G. S. Johnson, administrator of the estate of the late Peter Johnson. The land in question is located in Thompson. Olson admitted cutting a small amount of timber on the land, but declared he had received permission from a legal heir. G. S. Johnson contends that nothing can be cut until after the estate is probated.

Joseph Levine appeared at the arraignment and offered to go on Olson's bond. Under oath he told the judge that he was a naturalized citizen and had property in his own name. Meanwhile Olson furnished his own bond.

MILLIONS HERE EXPECTED ATTACK

It happens every year. There is always a time when it seems like everybody has a cold attack. At this time be prepared and remember Penetro, a salve with modern medication in a base containing same kind of old fashioned mutton suet grandma used. Works 2 ways (1) Warming vapors comfort cold-congested nose and throat; (2) Stimulates circulation right at spot where rubbed on. 25c. Double supply for 35c. Always demand Penetro.

UNION PRAYER SERVICE TODAY

World Day Of Prayer To Be Observed By 7 Churches At Zion

World Day of Prayer service will take place today at Zion Lutheran church at 2:30 p. m.

Sponsored by the United Council of Church Women, and the Protestant church women of Manistique, the union service is an annual event in this city.

Theme of the service will be: "And the Lord wondered that there was no intercessor."

Representatives of the seven churches in Manistique that will take part in the program are: Episcopal, Mrs. William Robertson and Mrs. Arthur Adams; Presbyterian, Mrs. A. F. Hall, Mrs. Leslie Bouschor and Mrs. Nellie Raredon; Methodist, Mrs. M. Crawford and Mrs. K. Bundy; First Baptist, Mrs. William Shinar, Mrs. Lawrence Strassler and Mrs. William Harrington; Zion Lutheran, Mrs. August Carlson, Mrs. Ed Nylander, Mrs. Carl Olson and Mrs. L. T. Reque; Bethel Baptist,

Mrs. Carl Wedell will sing a solo accompanied by Mrs. H. A. Ahlstrom. Leader for the program will be Miss Lillie Carlson.

Offerings from the World Day of Prayer meetings are used for interdenominational Christian service.

Girl Scout Report Shows Progress

A report on the activities of the seven Girl Scout troops in Manistique was made to the Scout Council recently by Mrs. Earl LeBrasseur, program chairman.

Her report shows the following program being carried on. The Brownies are engaged in knitting, singing and games. Intermediates have won 32 merit badges for work in arts and crafts, cooking and Junior Red Cross first aid. They will be awarded soon.

In the junior high division 26 badges will be awarded. Dancing has been the chief activity. Senior Service Scouts have carried on a program of community service work this season.

A major group activity of the Girl Scouts will be a Girl Scout rally on Saturday, March 11 in the old gymnasium. All Scouts, parents and leaders are urged to attend. Details of the rally will be announced.

Miss Dora Cunningham, itinerant Girl Scout leader from headquarters, will return to Manistique for two weeks beginning March 6 to work with the Scouts and leaders. She did similar work here last fall.

An apple contains about 82.5 per cent water.

BACKACHE, LEG PAINS MAY BE DANGER SIGN
Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

MICHIGAN WILL LOSE ATHLETES

Navy - Marine Trainees Get Transfers; Nine Gridmen Leave

Ann Arbor, Mich., Feb. 24 (AP)—Eighteen navy-marine athletes on the University of Michigan campus will be transferred to advance bases this weekend at the close of another semester, but the drain on Wolverine manpower isn't as devastating as it sounds.

On the transfer list announced today, nine service athletes were members of the 1943 Wolverine football squad. Only three—quarterback Jack Wink, tackle Bob Hanzlik and guard John Gallagher, all from Wisconsin — were regulars.

The list also contains the names of three swimmers, three track men and one competitor each from the basketball, swimming and wrestling teams.

The track men are broad jumper

Ice Revue Scores Smash Hit on Opening Night

The Escanaba Figure Skating club presented its fourth annual ice revue before a capacity crowd at the indoor rink in the fairgrounds last night and scored another smash hit. The final performance will be presented tonight at the indoor rink.

From the opening number to the brilliant finale, the figure skaters displayed a variety of topnotch skating, colorful costumes and appropriate music. A cast of more than 60 skaters, from little tots to the veteran Peter C. Dube, 65 and still going strong, all local talent, did a marvelous job with intricate routines and syncopated rhythm.

Howard Sullivan, although still a youngster but a veteran in figure skating revues, drew thunderous applause in two solo numbers and in a duet with Jeanne Groos, another of the more accomplished figure skaters. His comic number, "Pistol Packin' Mamma" really drew down the house. Miss Groos also received a big hand in the presentation of her solo number, "On Wings of Grace".

Howard Dufour and Helen Gunkel in "Waltz Mood" and Helen and Bob Schwalbach in precision skating made their usual brilliant presentations.

The chorus numbers, revealing many hours of patient direction and training, also were well executed and presented with fine showmanship.

In the speed skating exhibition that followed the ice revue, Peter Dube won a special mile contest easily, defeating two skaters racing in relays. They are Phil Sullivan and Gene Williams. The 2½ mile race against five opponents, originally scheduled, was cancelled but will be presented this evening. Without being seriously pressed, Dube won in 3:40 and loafed through several laps.

It was announced last night that a few reserved seat tickets are still available for tonight's show and may be secured at the Mead drug store and West End drug store.

Manistique Beats Escanaba; Daggett Bows To Menominee

Stephenson, Feb. 24 — Manistique and Menominee moved into the finals of the reserve team basketball tournament here tonight, Carl Nichols, two miler Bob Thompson and Bob Gardner, who doubles in the shot and high jump. All had been counted on for points in the Western Conference meet March 11 at Chicago.

Besides, John Roxborough, Big Ten half-mile champion, is to report for army induction at Detroit March 10 and Melvin Detwiler, the squad's second best quarter-miler behind Bob Ufer, is reported to be through for the season with a case of appendicitis.

Other transfers:

Football—Jerome Powers, Fred Bryan, James Brieske, Larry Alberti, Cliff Myll, Marren Watts.

Swimming—Larry Koppin, Bob Branch, Charles Mack.

Basketball—Dick Shrider.

Tennis—Sherwood Katz.

Wrestling — Woodward (Chip) Warrick.

with Manistique defeating Escanaba, 40 to 29, and Menominee eliminating Daggett, 40 to 13.

The championship game will be played Saturday night.

The undefeated Manistique reserve team went on a scoring splurge in the third frame to lick the Eskymos, after the teams were tied at half time, 14-all. Menominee never was in trobue in the game with Daggett and led 12-1 at the end of the first quarter.

Bums Of Brooklyn Will Dazzle Public

New York, Feb. 24 (AP)—Brooklyn's beloved "Bums" will dazzle the National league with their new night game uniforms unveiled today for the first time at Branch Rickey's press conference.

When the Dodgers are on the road they'll wear blue "monkey" suits of shiny satin with white trimmings. It will be vice versa at home.

On the more serious side, Rickey said pitcher Rube Melton appeared to be the club's only serious holdout and that signed contracts had been received from outfielder Dixie Walker and catcher Bobby Bragan, the latter getting a raise.

Tiger Outfielder Harris Inducted

Detroit, Feb. 24 (AP)—Robert (Ned) Harris, 27-year-old Detroit Tiger outfielder, was inducted into the army today and will report for duty within a month. He is the sixth Tiger to enter the armed forces since the 1943 season and the 34th to go on the club's service list.

Harris is married and has a son. He was born in Ames, Iowa, but made his home for many years at West Palm Beach, Fla. This winter he has been working in a Detroit war plant.

Harris spent three seasons with the Tigers. In 1943 he batted .254.

TROJANS MEET HARRIS QUINT

Ruwitchmen Seek Win Over Flivvers For Seeded Berth

The Eskymos will travel to Kingsford tonight for their last Class B game of the pre-tournament season and the Trojans of St. Joseph will play Harris at Bark River in their final pre-tournament basketball game. The Eskymos have one more game, at Gladstone, before the district tournament.

Coach George Ruwitch reported yesterday that he probably will start Ranguette at center, Kuchenberg and Wood, forwards, and Peterson and Scott, guards, against the Flivvers. Others who will make the trip to Kingsford are Schils, Finn, Dufour, Davidson and Kidd.

A victory over Kingsford tonight would assure the Eskymos of the lower seeded position in the district tournament at Iron Mountain, as well as to provide their fourth consecutive victory.

Coach Fred Boddy of the Trojans reported that he will start Teal at center, Houle and O'Donnell, guards, and Tobin and Douglas, forwards, against Harris, with Kroll, Bartel, McCarthy, Stropich and Miron also slated for action.

The Trojans may find the small Bark River floor a handicap to them but they are hopeful of winding up their regular schedule with a victory over the Harris quintet.

College Basketball Has Open Evening

Detroit, Feb. 24 (AP)—For the first time in the three-month season, there is an open Friday on the Michigan college basketball schedule tomorrow night, but three games are on Saturday's program.

The feature of these is Western Michigan's game with Temple at Philadelphia's Convention Hall that tops a highly successful season for the Kalamazoo team. Western is stopping off after gaining an impressive 68 to 49 triumph over City College of New York at Madison Square Garden last night.

In other Saturday games, Detroit Tech ends its season at home against Assumption College of Windsor, Ont., and University of Detroit finishes its home season by meeting Selfridge Field.

By beating CCNY, Western boosted its season record to 15 victories and three defeats, a notch ahead of Detroit Tech, whose fourth defeat in 19 games was a 51 to 45 setback to Fort Custer last night. The 68 points, highest total amassed at the Garden this winter, shattered Western's season scoring record wilh 1,012 points, seven more than last year's production.

In the Temple game, Western will be without center John Cawood, transfer athlete from Michigan State College who is returning home to comply with the navy's 48-hour leave regulation. Cawood scored 22 points in the victory at New York.

Detroit is seeking its eleventh victory in 17 games tomorrow. The Titans end their season March 4 at the University of Western Ontario.

NATIONAL HOCKEY LEAGUE

Montreal 3; Toronto 1.

Detroit Red Wings 3; New York Rangers 3 (tie).

Germfask

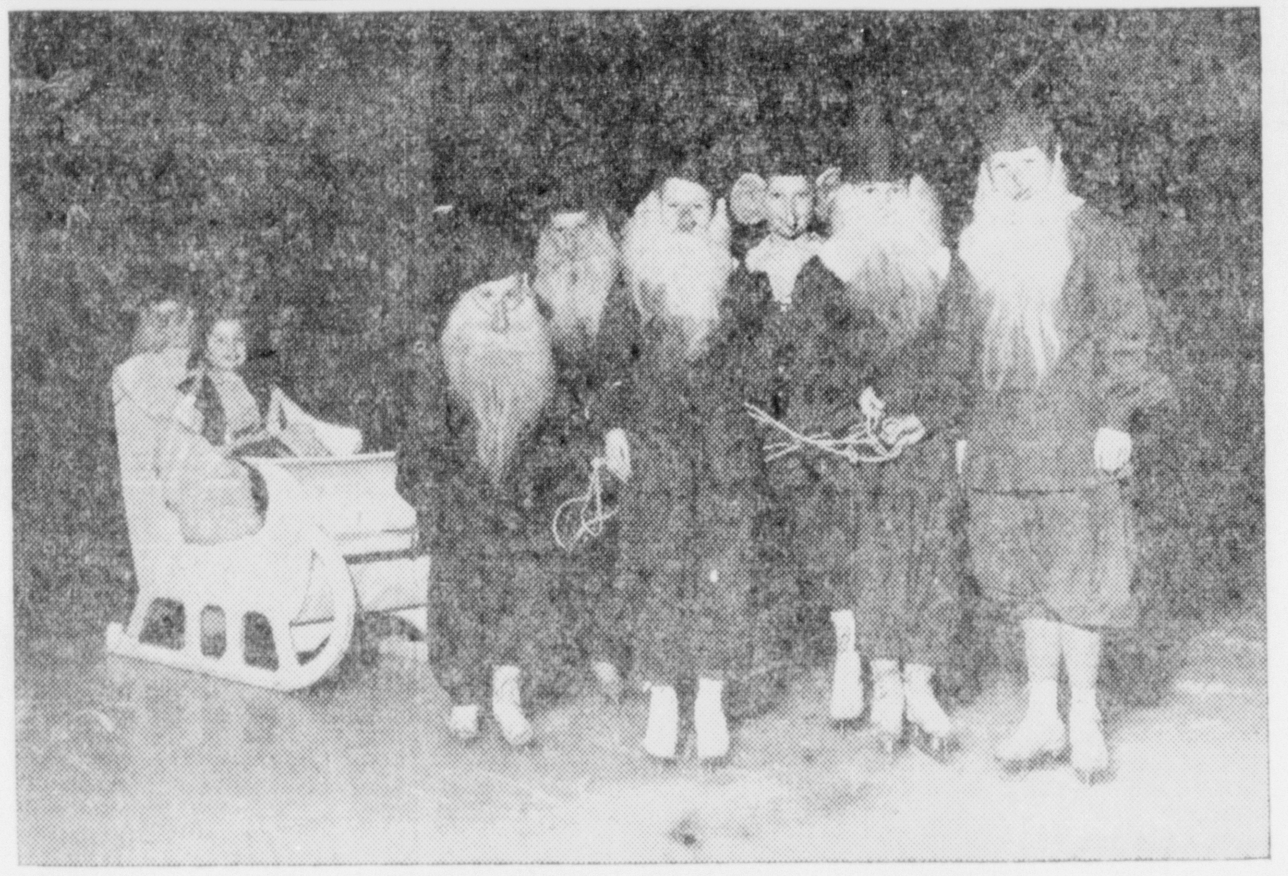
Germfask—Mass at St. Therese Catholic church, Sunday, Feb. 27, 10:30 a. m.

Methodist church Sunday, Feb. 27, 3 p. m.

Telford Burton made a business trip to Escanaba Friday.

Mrs. Gladys Mercier spent the week-end at her home in Manistique.

D. C. Miller returned home Thursday after spending a few days in Duluth, Minn. on business.



FEATURED IN ICE REVUE — One of the numbers that drew hearty applause at the opening performance of the Escanaba ice revue last night is the "Snow White and Seven Dwarfs" act. Shown here in costume are Maxine Dufour as Snow White and Rita Hemil, Margie Hemil, Dorothy Wicklund, Bruce Farrell, Mary Goodreau, Donna Redman and Nancy Farrell as the seven dwarfs.

RHYTHM ON ICE—Two young figure skaters who play featured roles in the ice revue are Howard Sullivan and Jeanne Groos. They are shown here in a team number, but each also appeared in solo numbers. The second and final performance of the show will be held tonight. (Daily Press Photos.)

PRECISION PAIR — The brother and sister team of Bob and Helen Schwalbach executed a number of difficult skating maneuvers that thrilled the large crowd at the opening of the ice revue last night. The Schwalbachs are shown here in one of the stunts that drew a big hand.

BRAVES EXPECT TOUGH BATTLE

Keilmen Hope To Stop Berger, Emeralds' Scoring Ace

The Gladstone Braves will meet the Emeralds of Manistique tonight on the Gladstone court in a game that promises to be one of the highlights of the season.

The Emeralds defeated Gladstone earlier in the season but Coach Keil's team has developed a lot since then and is eager to even the score tonight.

The Braves are concentrating on a tight defense to bottle up Dick Berger, high scoring Manistique forward, and will rely on their own speed to break through the Manistique defense.

The Emeralds will probably outrange the Gladstone quintet in height but the Braves hope to compensate for this deficiency with speed.

LIVELY SESSION BOOSTS PRICES

BY BERNARD S. O'HARA

New York, Feb. 24 (AP)—Utilities and specialties kept the rally going in today's stock market while profits were cashed in most of yesterday's bounding rails and industrials.

It was the liveliest session of the year to date with low-priced power and light company issues turning over in blocks of as much as 25,000 shares. Principal activity was in the forenoon, however, dealings tapering toward the last. While closing gains of fractions to 2 points or so were well distributed, minus signs were plentiful.

The Associated Press 60-stock average was up .1 of a point at 51.4 but the rail composite, which Wednesday hit the highest level since October, 1937, dipped .2. Transfers totalled 1,162,110 shares, best since December 8, and compared with 943,184 the day before.

Macy common held a net advance of 1½ points at a 1944 peak in teh wake of the department store's proposal to pay a common dividend in new preferred stock. Kansas City Southern ran up 2 3-8, also to a top mark for the year to date. Park & Tilford tacked on 2 as whisky dividend talk revised.

In front were Western Union "A", Consolidated Edison, North American, Public Service of N. J., Commonwealth & Southern, Columbia Gas, Bethlehem, Hercules Motors, Douglas Aircraft, Anaconda, Eastman Kodak, Paramount, Johns-Manville, Warner Bros., and U. S. Gypsum. Small losers included Santa Fe, N. Y. Central, Southern Pacific, Northern Pacific, U. S. Steel, Goodrich, United Aircraft, General Electric and Texas Co.

DAY'S MARKETS IN BRIEF

New York, Feb. 24 (AP)—

Stocks: Steady; utilities, specialties advance.

Bonds: Steady; rails extend rally.

Cotton: Easier; hedging and liquidation.

Chicago:

Wheat: Strong; advanced on buying by local traders.

Rye: Higher; short-covering aided advance.

Hogs: Slow, steady with Tuesday's averages. Extreme top $14.00.

Cattle: Good and choice grades up 25 cents. Top $16.85.

The Sports Parade

By Ken Gunderman

The Soo Lions club has offered to guarantee financial support for the Soo Blue Devils in arranging a game with Saginaw Arthur Hill or some other topnotch high school basketball team. The Lions are sincere in their offer, of course, but the fact still remains that the MHSAA regulations prohibit any postseason game and the Blue Devils haven't a chance to sidestep that obstacle. It was suggested that the proposed game be played in the Pullar stadium at the Soo, which would accommodate 2,500 fans.

* * *

Incidentally, the Blue Devils have a much more important chore immediately at hand. That's their season's windup game Saturday night with Marquette. Marquette is the only team that has given the Soo team a real battle this year, the Blue Devils winning only by a 31-27 score. Actually they were trailing at half time, 15-12. The Blue Devils will warm up for the Saturday windup by annihilating Munising tonight. The Saturday night game may be an eye-lifter.

* * *

Lu Blue, former Detroit Tiger first baseman, contends that sports writers really missed the boat when they failed to pick Ty Cobb as the greatest sports performer of all time.

"Those sports writers who voted in the poll haven't got a memory any longer than a golf club," Blue commented. "Didn't they ever hear of a fellow named Ty Cobb, a teammate of mine? I see he wasn't listed one-two-three in the result of the balloting. The voting was a joke.

* * *

Bobby Jones had a great year in 1930, but look at Cobb's record. He led the American league in hitting 12 years, nine in a row. He hit .420 and .410 in two consecutive seasons against that dead pumpkin ball they were using in 1911-12, against all kinds of pitching, including the spitball and the shineball. For 12 years he was the greatest ball player alive. Cobbs was tops in the toughest competition we ever knew."

And then, just by way of putting the clincher on his argument, Blue asked, "Who thrilled the most people, Bobby Jones or Ty Cobb?"

* * *

The future of baseball is safe in the hands of the "kids", believes George Sisler, recently reappointed semi-pro commissioner for the seventh consecutive year. Sisler reports that enthusiasm for the game is as strong now as it has ever been. The former star of the St. Louis Browns believes that baseball stars of other years are no better than those of today. "They just played harder," Sisler claims, "Pitchers went nine innings because they were expected to do a complete job. It could be done today if present pitching psychology were not wrong. The pitchers nowadays have the equipment, but they are mentally half milers, starting out on a mile run."

CHICAGO LIVESTOCK

Chicago, Feb. 24 (AP)—(WF)—Salable hogs 19,000, total 32,500; opened active, fully steady to strong; closed slow with strength lost; some light hogs lower; sows strong to 10 higher; good and choice 200 to 330 lbs. 13.75 to 13.90, many early sales 13.85 to 13.90; top early 14.00 on few loads and lots; good and choice 170 to 190 lbs. 13.25 to 13.75; sows mostly 13.10 to 13.30; best quotable 13.40; number unfinished hogs largest of season; estimated holdover 5,000; shippers took 1,200.

Salable cattle 5,000; salable calves 800; fed steers and yearlings strong to 25 higher; mostly 15 to 25 up on good and choice grades, nothing strictly choice here; top 16.75, paid for light as well as long yearlings; bulk 13.75 to 15.75; stockers slow, steady, mostly 11.50 to 13.00; slaughter heifers firm; bulk 12.75 to 14.25; best 14.85, but choice kind absent; cows and bulls mainly steady; cutter cows 8.00 down; canners 6.00 to 6.75, with thin light kind very dull; strictly good cows to 13.00; heavy sausage bulls to 11.75, most light and medium weight bulls 8.75 to 10.75; strictly good heavy beef bulls to 12.50; vealers steady at 15.00 down, mostly 13.00 to 15.00.

Salable sheep 7,000, total 7,500; lambs steady to weak; sheep very scarce; nominally steady; good and choice fed wooled western lambs 16.50 to 16.70; top 16.70; some good lambs 16.10 to 16.25; most medium and good kind 15.00 to 15.85; best natives 16.50 to shippers; three loads mixed common to no good Dakota lambs 14.10, sorted about 40 per cent at 12.75; few cull to medium slaughter ewes 7.25 to 8.25; better kinds absent.

FOREIGN EXCHANGE

New York, Feb. 24 (AP)—Closing foreign exchange rates follow (Great Britain in dollars, others in cents):

Canadian dollar in New York open market 10 7-16 per cent discount, or 89.56¼ U. S. cents, down .06¼ of a cent.

Europe: Great Britain official, buying $4.02, selling $4.04.

CHICAGO PRICES

CHICAGO BUTTER

Chicago, Feb. 24 (AP)—Butter, firm; receipts 431,658; market unchanged.

CHICAGO EGGS

Chicago, Feb. 24 (AP)—Eggs, receipts 12,517; unsettled; specials 35¼ to 36; standards 33.

CHICAGO POTATOES

Chicago, Feb. 24 (AP)—(WFA)—Potatoes, arrivals 83, on track 203, total U. S. shipments 1,016; supplies moderate; demand slow; some sellers holding best stock for slightly higher prices; Idaho russets were firm to slightly strong; northern stock about steady for best quality; Idaho russet Burbanks, U. S. No. 1, 2.80 to 3.00; Colorado Red McClures, U. S. No. 1, 3.47; Minnesota and North Dakota bliss triumphs, commercials, 2.20 to 2.25; cobblers, commercials, 2.15; Florida bliss triumphs, U. S. No. 1, 3.00 to 3.25 per 50 lb. sack, 3.25 to 3.35 per bushel crate.

CHICAGO GRAIN

Chicago, Feb. 24 (AP)—Grains staged a good advance after early easiness today, finishing on gains of about a cent. Short-covering was a factor in the upturn and some buying was based upon the action of the house in overriding the presidential veto of the tax bill. Activity in rye was fairly heavy at times.

The rift between congress and the president, symbolized by the house's action on the tax bill, attracted much attention. aMny traders felt it may have repercussions later in the year when the time comes for extending the price control act. This act, which is the foundation for ceilings on agricultural products, expires June 30.

After slumping in the first half hour, the market reversed itself and continued upward to the close. Wheat finished 1 to 1 3-8 higher, May $1.70½; oats were up 5-8 to 1 cent, May 79 7-8; rye was ahead 3-4 to 1 3-8, May $1.26½ to $$1.26 5-8, and barley was 1 1-8 to 1¼ higher, May $1.22 3-8.

STATE OF MICHIGAN
Circuit Court for the County of Delta:
In Chancery.

Martha Neff, Plaintiff, vs. Kenneth Neff, Defendant.) Order of Publication

A suit pending in the Circuit Court for the County of Delta, in Chancery, on the 5th day of January, A. D. 1944.

In this cause it appears to this Court from the affidavit on file that the Defendant, Kenneth Neff, is not a resident of this State and it cannot be ascertained in what State or Country the Defendant resides, and his last known address was Merchant Marine Rest Center, Bay Ridge, Maryland;

It is ordered that the Defendant enter his appearance in said cause on or before three months from the date of this order or said Bill of Complaint will be taken as confessed;

It is further ordered that this order be published within forty days in the Escanaba Daily Press, a newspaper published and circulated in Delta County, Michigan, once each week for six successive weeks;

It is further ordered that a copy of this order be mailed to said Defendant at his last known Post Office address by registered mail, and a return receipt demanded as required by law.

Chamber of Commerce Lands New Industry, Forum Crowd Told

DETROIT FIRM TO MOVE HERE

Venus, Lambert, Shepeck Concerns Predict Expansion

Escanaba will have another new industry.

The Insulation Manufacturers corporation decided at a recent meeting of its board of directors to move its wood wedge plant from Detroit to this city to be near the supply of veneer, which it has purchased from the Birds Eye Veneer company for several years. Officials of the corporation will come to Escanaba about the middle of March to make arrangements for the establishment of the plant.

This was the good news announced at the forum dinner of the Escanaba Chamber of Commerce held at the Masonic Temple last evening to officially welcome the new industries and governmental agency brought here during the past year by the community's industrial development program.

City Has Advantages

Escanaba has many advantages for attracting new industries—raw materials, transportation, well-managed city and public utilities, good transportation facilities, fine schools, parks, playgrounds and churches—but equally important is the proper mental attitude shown by the people, Atty. Torval E. Strom said in delivering the principal address on the program.

Atty Strom traced the history of the Escanaba Chamber of Commerce from a day a group of business men met in 1919 to decide what could be done with the problems facing the community after the close of World War I. One of the primary objectives of the new organization, he said, was the abolition of the "horse and buggy aldermanic city government" and the establishment of the present council-manager system. The present city charter, he said, was drafted in 1920, and was adopted by an overwhelming vote by the people.

"You and I believe in this town," said Atty. Strom. "We have made our living here, and we appreciate the fact that we owe a moral obligation to it. We must have a unified, determined attitude that says we must actually do something for its advancement. Nothing ever came to a town that merely wished."

In closing, Atty. Strom urged Escanaba to get busy in the post-war planning program, to have all plans for community projects in readiness if money is to be expended for unemployment. He also stressed the need for continuing the industrial development program.

"We must make the most of what raw materials and other assets we have," he added. "With our timber, we could expand our woodworking industries, with small plants to make furniture, toys and other articles. Let them start small, if they will, but most certainly they will grow if the community gives them its support and cooperation."

Roston Predicts Growth

Gilbert Roston, Chicago, youthful president of the Venus Foundation Garment company, declared that his company plans to expand its operations here as rapidly as workers can be trained. He described the production of undergarments as one requiring the greatest skill in the needle trade, due to the fact there are a large number of intricate operations.

Roston said they chose Escanaba as a site for one of their factories to obtain a stable labor supply, and added that they have been well pleased with the progress made thus far. He expressed appreciation for the splendid cooperation given by the Escanaba Chamber of Commerce in assisting them in getting started here. The Venus company now employs 40 persons and has a monthly payroll of $2500. The staff is being increased at the rate of three or four per week, and eventually it is planned about two hundred will be employed.

Willis Engel Speaks

Willis Engel, superintendent of the Lambert Novelty Mirror Works, spoke in the absence of Joseph Lambert, head of the concern, who was unable to come because he was taken ill while visiting his other plant in St. Louis. Engel said the Lambert factory now has 42 persons engaged in the manufacture of picture frames and eventually, after new machines and other equipment are received, will have a crew of about one hundred and fifty.

Hubert H. Shepeck, head of the Shepeck Dimension company, stated in a brief talk that his concern has employed from 145 to 155 men during the past four months, and the payroll for the period totaled about $83,000. He said the plant was receiving many orders for dimension stock. In closing, Shepeck paid tribute to the Birds Eye Veneer company, which he said was one of the community's most valuable industries.

A. J. Holochwost, who has opened a small plant for the manufacture of building insulation, was introduced.

Representing the Office of Price Administration at the forum was Lawrence Jarvi, OPA rationing executive, who said that the employes have been well pleased with their new district offices and living conditions in Escanaba.

Brief welcoming speeches were given by Ray LaPorte, president of the Escanaba Trades and Labor Council; James H. Jackson, president of the Escanaba Chamber of Commerce; and S. R. Wickman, mayor of Escanaba. John J. Bartella served as toastmaster.

An exhibition of picture frames and undergarments, placed in one of the rooms of the temple, attracted much attention.

Announcement of the decision of the Insulation Manufacturers corporation to move its wood wedge plant here from Detroit was contained in a letter read at the meeting by Chairman Bartella. Mr. Brackett explained that the wood wedges are used in the manufacture of electric motors. He said this would be a small plant, employing from 10 to 20 men, but that there was the possibility that operations would be expanded for the concern is engaged in many manufacturing activities.

Handicrafts On Upgrade

Blankets, rugs and other handicrafts of Quebec province, Canada, have replaced commercially many articles from Europe and Asia now cut off by the war.

The earth is struck by lightning on an average of 50 times every second.

Sentiment As Well As Home Town News Needed By Soldiers

Good old-fashioned sentiment, as well as home town news, should be included in letters of relatives and sweethearts to servicemen, according to advices quoted yesterday by L. O. Heintz chairman of the Delta county Red Cross chapter.

"From New Guinea Red Cross Field Director Roy E. Dulak informs us that there is danger in letters from home being too newsy," said Heintz.

"Day after day men drop into his tent to discuss home problems, he writes, and a surprising number of them declare that the newsy letter, devoid of sentiment, arouses their fears that the best girl at home, the wife or the dad and mother are not as affectionate as they used to be.

"They want the home town news, all right. But they also want to know that they still are loved by those closest to them. Letter writers of Delta county can help lift servicemen's morale by keeping this in mind."

Dulak calls his Red Cross job at the front that of "mind-easier".

Home folks, he said, should remember not to write about things that will worry men thousands of miles from home and not in position to do anything about them.

Blue Whale 109 Feet Long!

Largest animal that ever existed on earth still exists. It is the blue whale, a recently captured specimen of which measured 109 feet.
